Activity – Personal SWOT Analysis

Objective

What are we learning about?

Students will learn to understand themselves better by identifying their Strengths, Weaknesses, Opportunities, and Threats through a personal SWOT analysis.

Materials

What you will need for the activity.

- SWOT [illegible] worksheet (provided below)
- P[illegible]
- [illegible]ysis for reference
- Coloured pe[illegible] (optional)

Instructions

[illegible] the activity

1. Explain what SWOT an[illegible] help students better understand themselves. Use simple de[illegible]
2. Hand out the SWOT Analysis wor[illegible] to ea[illegible]
3. **Identify Strengths**: Ask students to list at le[illegible] ths. Encourage them to think about what they are good at and [illegible] plimented them on.
4. **Identify Weaknesses**: Next, have students list at [illegible] es. These can be areas they feel they need improving or that th[illegible]
5. **Explore Opportunities**: Guide students and give them opport[illegible] out growth. These can be new activities they want to try or skills they develop.
6. **Recognize Threats**: Finally, ask students to consider any threats or obstacles that might hinder their progress. These can be fears, time constraints, or other challenges.
7. Allow students to share one item from each category with a partner or in small groups.
8. **Reflection and Goal Setting**: Have students reflect on their SWOT analysis and set one personal goal based on their analysis. They can write this goal at the bottom of their worksheet.
9. **Optional**: Use coloured pencils or markers to decorate their SWOT analysis worksheet, making it visually appealing and personal.

Name: _____ 11

Curriculum Connection
CO6.1, CO6.2

Handout | Reference sheet on personal SWOT Analysis:

A **SWOT Analysis** is a tool used to identify and understand your:

- Strengths: What you are good at
- Weaknesses: Areas where you need improvement
- Opportunities: Chances to grow and improve
- Threats: Challenges or obstacles that might get in the way

How to C[illegible]a SWOT Analysis:

1. Str[illegible]s you are good at or positive qualities you have.
   - [illegible]d
   - [illegible]olve m[illegible]ms quickly.
   - I am a go[illegible]
2. Weaknesses[illegible]as w[illegible]ed to improve or areas you find challenging.
   - I find it hard to [illegible]k in[illegible]
   - I get distracted eas[illegible]
   - I need to work on my h[illegible]g.
3. Opportunities are chances to gro[illegible]prove[illegible]kills.
   - I can join the art club to improve [illegible]awing.
   - I can practice public speaking by presenti[illegible]ss m[illegible]
   - I can use a planner to help me stay focuse[illegible]
4. Threats are challenges or obstacles that might g[illegible]ay of [illegible]owth.
   - I sometimes feel nervous about trying new things.
   - I don't have enough time after school for all the activitie[illegible]wan[illegible]
   - I get frustrated when I don't understand something right away

Tips for Completing Your SWOT Analysis:

1. Be Honest: This is about understanding yourself better, so be truthful in your responses.
2. Think Broadly: Consider all areas of your life – school, home, hobbies, and friendships.
3. Ask for Feedback: Sometimes others can see strengths and weaknesses you might not notice.
4. Set Goals: Use your SWOT analysis to set personal goals for growth and improvement.

Newspaper Article: Talents and Strengths

Elmwood Elementary's Talent Show Sparks Inspiration

Publish Date: June 23, 2024

Elmwood Elementary School hosted its annual talent show, and it turned out to be a significant event for students and parents alike. The show featured performances from over 50 students, showcasing a wide array of talents ranging from singing and dancing to magic tricks and poetry recitations. The event highlighted the importance of recognizing and developing individual strengths.

Ms. Sarah Thompson, the school's guidance counsellor, spoke about the importance of identifying talents in young students. "Every student has unique abilities that can be nurtured," she said. "Events like this talent show help students realize their potential and build self-confidence."

One of the standout performances was by Emma, a 12-year-old who played the violin. Emma shared her experience, saying, "I used to be very shy and didn't think I was good at anything. Practising the violin has helped me find something I'm passionate about."

The talent show also served as a reminder of how recognizing and developing talents can lead to success. For instance, Albert Einstein, famous for his contributions to science, was considered a poor student in his early years. His talent in mathematics and physics only became apparent later, showing how important it is to nurture potential.

According to a report by the Child Development Institute, students encouraged to develop their talents are 25% more likely to feel confident in their abilities and 15% more likely to pursue higher education.

The event was a celebration of individuality and potential, leaving the audience inspired. As Ms. Thompson concluded, "When students understand and develop their strengths, they not only succeed in school but also in life."

Identifying Personal Assets

What Are Personal Assets?

Personal assets are the things that make you unique and valuable.

- Physical Assets: These are your tangible strengths. They can be your physical health, your energy levels, or even your ability to play sports or other physical activities well.
- Intellectual Assets: These include your knowledge, skills, and talents. Being good at math, knowing how to play a musical instrument, or knowing how to use a computer are all examples of intellectual assets.
- Emotional Assets: These are your feelings and how you manage them. Being kind, having patience, or being able to stay calm in stressful situations are all emotional assets.

How Can You Use Your Assets?

Your assets can help you in many ways. Here are how you can leverage your assets:

1) Overcoming Challenges: If you're struggling with a school subject, your intellectual assets like problem-solving skills can help you find a solution.
2) Achieving Goals: If you want to join the school basketball team, physical assets like speed and strength will help you practice and improve.
3) Helping Others: Using your emotional assets like empathy can help you support friends who are having a hard time.

Identifying Your Assets

It's important to know what your assets are. Here are some steps to help you identify them:

- Self-Reflection: Take some time to think about what you are good at and what makes you feel strong and happy.
- Ask Others: Sometimes, asking friends, family, or teachers can help you see strengths you might not notice yourself.
- Try New Things: Experiment with new activities and hobbies. This can help you discover new talents and interests.

Blog Post: The Role of Interests in Life Choices

How Your Interests Can Shape Your Future

Date: June 26, 2024 Author: Ms. Jennie *4-minute read*

Have you ever thought about how your interests can shape your future? Your hobbies and passions can guide your career choices and lead to a fulfilling life.

Pursuing your passions makes life enjoyable. When you love what you do, work doesn't feel like a job. According to a 2019 survey by Deloitte, 88% of people who love their jobs feel satisfied at work.

Many successful people turned their interests into careers. For example, J.K. Rowling loved writing and created the Harry Potter series, becoming a best-selling author. Steve Jobs was passionate about technology and co-founded Apple Inc., known for its innovative products.

To find your interests, think about what makes you happy and excited. Ask yourself: what do I enjoy doing in my free time? What topics love to learn about? Once you know your interests, explore ways to turn them into careers.

Remember, your interests can guide your choices. Follow your passions!

Till next time,
Ms. Jennie

Comments:

Mike T – June 26, 2024

I agree! Following your passions can lead to success. Lionel Messi's love for soccer made him one of the best players in the world. It's important to find what you love and stick with it.

Like Reply 4h ago

James – June 26, 2024

While I see your point, it's also important to be practical. Not everyone can turn hobbies into careers. Passion is important, but we need to be realistic about job opportunities.

Story: Developing Independence

Draw Draw pictures that show the story.

Jack's Quest to Independence

In the bu[illegible]ng city of Vancouver, there lived a boy named Jack. Jack was eleven [illegible], adventurous, and loved watching airplanes soar through the [illegible]ilding one himself someday.

One sunny [illegible] Jack[illegible]ool announced a "Build It Yourself" competition. Stu[illegible] w[illegible]d to create something from scratch and present it at the s[illegible] Ja[illegible] sparkled with excitement. This was his chance to build a m[illegible]el a[illegible]

Name: _____ 55

Curriculum Connection
CCSS 1

Jack's parents supported his decision but encouraged him to w
independently. They knew that developing independence was important. Jack was determined to prove he could do it on his own.

Jack began his project by researching different types of airplanes. He visited the local library, watched videos online, and sketched his ideas in a notebook. After days of planning, he finally decided on a design. He gathered materials like cardboard, glue, paint, and small wooden sticks.

Name: _____ 56

Curriculum Connection
CD6.1

Every evening after school, Jack worked tirelessly in the garage. He carefully cut the cardboard, glued the pieces together, and painted his model with bright colours. He even added tiny details like windows and propellers. Jack felt a sense of pride as his airplane took shape.

On the day of the school fair, Jack nervously brough[illegible]s m[illegible] the competition. The judges were amazed by Jack's creati[illegible]cation. They awarded him first prize! Jack's heart swelled with joy. He r[illegible]lized that his hard work and independent efforts had paid off.

Jack's story reminds us of people like Amelia Earhart, the first female aviator to fly solo across the Atlantic Ocean. She pursued her passion despite many obstacles. Developing independence helps build confidence and achieve dreams. Just like Jack and Amelia Earhart, you can accomplish amazing things by believing in yourself and taking independent actions.

Newspaper Article: Adapting to Changing Life Roles

Young Boy Takes on Parental Role After Tragedy

Publish Date: June 28, 2024

In a heartwarming and tragic turn of events, 12-year-old Liam O'Connor from Toronto has taken on the role of parent to his two younger siblings following the sudden passing of their parents in a car accident last month.

Liam, who is in Grade 6, now cares for his 8-year-old brother, Noah, and 5-year-old sister, Emma. Despite the immense challenges, Liam has stepped up with remarkable maturity and dedication "After the accident, I knew I had to be strong for Noah and Emma," Liam said. "I miss Mum and Dad every day, but they need me now."

The community has rallied around the O'Connor children, providing support and resources. Local organizations have offered assistance with groceries, clothing, and educational materials. Their school has also been incredibly supportive, ensuring the children have the emotional and academic help they need.

"Liam's courage and resilience are truly inspiring," said Mrs. Johnson, their school principal. "He attends school, helps with homework, and ensures Noah and Emma feel safe and loved. He's doing an incredible job under such difficult circumstances."

Experts highlight the importance of support systems in such situations. Dr. Emily Turner, a child psychologist, noted, "Children like Liam need a strong network of support to help them navigate these new responsibilities. It's essential for their emotional well-being."

Liam's story has touched the hearts of many. Donations and offers of help continue to pour in from the community. According to Statistics Canada, over 300,000 children are living in homes without their biological parents, underscoring the need for community support in such scenarios.

Learning from Adversity

What is Adversity?

Adversity means facing difficulties or challenges. It can be anything from failing a test to dealing with family issues. Learning how to handle these challenges is important for personal growth.

How Chal Help Us Grow

Facing c ca help us become stronger and more resilient. When we overcome prob lls and become more confident. For example, Terry Fox, a Canadian hero, f an had to have his leg amputated. Despite this, he started the Marathon o raise cancer research. His determination and courage inspired millions of p e.

Real-Life Examples

1. Terry Fox: After losing his leg to c rry Fo ver 5,000 kilometres across Canada to raise mon can earch.
2. Bethany Hamilton: A surfer who lost her a sha Bethany returned to surfing and won national co
3. Malala Yousafzai: Shot by the Taliban for going to sch Malala continues to fight for girls' education worldwide and won the Nobel Peace Prize.

Reflecting on Personal Experiences

Think about a challenging time in your life. What did you learn from it? Did it make you stronger or teach you something new? Reflecting on these experiences can help you understand how adversity helps us grow.

- Overcoming challenges builds resilience.
- Facing adversity teaches new skills.
- Real-life examples show the power of determination and courage.

3) Adversity only has negative effects on people.	True	False
4) Adversity can lead to increased confidence.	True	False
5) People who face adversity often become more resilient.	True	False

Case Study: Leadership of Nelson Mandela

A Leader of Hope and Change

Once upon a time, in a country called South Africa, there was a man named Nelson Mandela. Born in 1918, Mandela grew up in a time when his country was divided by apartheid, a system that kept black and white people separate and unequal. Mandela knew this was wrong and decided to fight for change.

Mandela became a leader in the African National Congress (ANC), an organization that worked to end apartheid. He believed in peaceful protest, but when the government responded with violence, he knew that stronger actions were needed. This led to his arrest, and Mandela was sentenced to life in prison for his efforts to bring freedom to South Africa.

Even in prison, Mandela never lost hope. He spent 27 years behind bars, where he continued to inspire others with his discipline and resilience. Finally, in 1990, due to growing pressure from people all over the world, Mandela was released. His release marked the beginning of the end for apartheid.

In 1994, South Africa held its first democratic elections, and Mandela was elected as the country's first black president. His leadership and commitment to reconciliation helped heal a divided nation. Mandela taught the world the power of forgiveness and the importance of fighting for justice.

Mandela's story shows us that true leadership means standing up for what is right, even when it is difficult. His life reminds us that with discipline, hope, and resilience, we can overcome even the greatest challenges.

New Reflection Room Unveiled at Local School to Boost Student Growth

Publish Date: July 1, 2024

A significant stride in educational innovation was celebrated this week at Maple Leaf Public School with the unveiling of the "Reflection Room," designed to help students engage in effective self-reflection and personal growth. The new space, equipped with interactive tools and serene surroundings, aims to provide students with a unique environment to explore their skills and interests more deeply.

Dr. Emily Chen, an expert in child development, praised the initiative during the opening ceremony. "The Reflection Room is more than just a quiet space—it's a strategic tool that encourages students to think critically about their personal and academic development," she noted. Dr. Chen highlighted that such environments could enhance students' self-awareness and decision-making skills, crucial for their future careers.

The room features stations with guided activities, digital journals, and visual aids, each designed to help students identify their strengths and areas for improvement. Early feedback from students has been overwhelmingly positive.

Sarah Nguyen, a grade 6 student, shared her enthusiasm: "It's cool! The activities made me think about what I'm good at and how I can be better. I knew how much I liked art until I my projects here."

Researchers studying the initiative, regularly participating in structured reflection are significantly more likely to make informed choices about their education. According to statistics from the school board, 80% of students involved in similar programs show improved academic performance and personal satisfaction.

The Reflection Room at Maple Leaf Public School is the first of its kind in the region but already, other schools are showing interest in adopting this innovative approach to student development.

Case Study: Determination of Terry Fox

The Unstoppable Journey of Terry Fox

In 1980, a young man named Terry Fox embarked on an extraordinary journey across Canada, known as the Marathon of Hope, to raise money for cancer research. Despite losing his right leg to cancer when he was only 18, Terry's determination never wavered. With a pr[illegible] leg, he set out to run an incredible distance equivalent to a marathon a day.

Terry [illegible] his m[illegible] St. John's, Newfoundland, with a dream: to coll[illegible] fr[illegible]ry Canadian to fund cancer research. This wa[illegible]all f[illegible]ing Canada had a population of about 24 million peop[illegible]ne. E[illegible] through rain and shine, Terry ran close to 42 [illegible]s. [illegible]nce was nothing short of inspirational.

Halfway through his journey, schools across Ca[illegible]uch [illegible] began to take notice and support his cause. This collective effo[illegible] mmunity and how one person's resolve can ignite a nation's spirit. E[illegible]these [illegible]s continue to participate in the Terry Fox Run, keeping his dream vibrant a[illegible]duc[illegible] generations about the values of courage and determination.

By the time he reached Thunder Bay, Ontario, Terry had run 5,373 kilometres in 143 days. Unfortunately, his own cancer spread, and he had to stop. Although Terry passed away in 1981, his legacy did not end. The entire nation was moved by his courage and resolve. That year, the Terry Fox Run was established, an annual event that has since raised over $800 million for cancer research worldwide.

Terry Fox taught us that even in the face of immense challenges, hope and determination can lead to extraordinary achievements. His story continues to inspire people around the globe to support a cause that saves lives every day.

Managing Time Effectively

Why Manage Time?

Time management is essential for achieving both academic success and personal satisfaction. Effective time management helps you to complete tasks with less stress, enjoy more free time, and improve overall performance. For students, managing time wisely can maximize learning and help develop valuable life skills.

Key Strat for Effective Time Management

1) **Prio s:**

- Li eed to do and label them as 'urgent' or 'important'.
- F n urge ortant tasks first, then move to those that are important but not urgent.

2) **Establish Ro**

- Create a daily sche k t de time for homework, act b
- Having a routine reduces the eed t to do next, saving you time and en

Practical Examples

- Homework and Projects: By setting specific ti rk, you ensure that it gets done on time and you're not rus last e.
- Preparing for Tests: If you have a test in a week, divide y tud manageable chunks over several days rather than cramming al before.

Benefits of Time Management

Students who manage their time effectively tend to perform better in school. They experience less stress and enjoy more leisure time.

- Students who create and follow a study schedule are 50% more likely to achieve higher grades.
- Regular breaks, such as a 5-minute rest every 30 minutes of study, can increase concentration and efficiency.
- By learning and applying these time management strategies, you can improve your ability to function more effectively in school and in everyday life.

Activity – Task Prioritization Challenge

Objective What are we learning about?

To understand the importance of prioritizing tasks based on urgency and importance, and help students recognize that not all tasks have the same level of significance or immediacy. Students can develop better time management skills by learning to identify which tas most urgent and which are most important.

Mate will need for the activity.

- Printed copie task student
- Pens or pencils

Instructions How you will compl activi

1. Discuss the concept of task prioritization a it's effective time management.
2. Give each student a copy of the task list. Explain that sk vels of urgency and importance.
3. Have students individually prioritize the tasks from most urgent to l gent.
4. Encourage them to consider both the deadlines and the importance of each task.
5. Have students share their prioritized lists with a partner or in small groups.
6. Discuss the reasoning behind their choices and how they determined what was most important and urgent.
7. Highlight that different people may prioritize differently based on their personal goals and commitments.
8. Conclude with a class discussion about what they learned from the activity.

Blog Post: Setting and Achieving Goals

Reaching for the Stars

Date: July 3, 2024 Author: Alex Martin *4-minute read*

Setting goals is like drawing a map for your future. When you decide exactly where you want to go, it becomes much easier to get there. Specific, achievable goals can guide you through school and life, helping you accomplish things you might have thought were impossible.

Take for example the story of Jessica Ennis-Hill, an Olympic athlete. She set the goal of winning a gold medal in the heptathlon, which is a tough track and field competition made up of seven different events. Jessica broke her goal into smaller, manageable steps, focusing on improving her performance in each specific event. With patience and precise focus, she achieved her dream at the 2012 London Olympics.

But what happens when obstacles appear? Creativity in problem-solving becomes your best tool. If an injury stopped Jessica, she adapted her training to work around it, never losing sight of her goal.

Setting goals helps you stay motivated, especially when challenges seem daunting. By breaking a big goal into smaller steps, each accomplishment gives you the confidence to move on to the next, building momentum.

Till next time,
Alex Martin

Comments:

Tommy G. – July 3, 2024

Great article, Alex! But isn't setting small goals less exciting? I think big dreams inspire us more.

Like Reply 14h ago

Samantha – July 3, 2024

I see your point, Tommy, but small steps are crucial for success. It's about balancing dreams with practical steps.

Case Study: The Goal-Setting Strategies of Michael Jordan

A Slam Dunk in Goal Setting

Michael Jordan, one of the greatest basketball players of all time, didn't reach his legendary status by accident. His journey was paved with deliberate goal-setting, unyielding perseverance, and a masterful approach to overcoming obstacles.

From an early age, Michael set clear goals for his basketball career. One of his most significant aspirations was to win an NBA championship. But achieving this wasn't easy. Michael faced many challenges, including being cut from his high school basketball team. Instead of giving up, he used these setbacks as motivation to work harder.

Michael's strategy was to break down big goals into smaller, manageable tasks. He would set daily targets for training, focusing on different aspects, from shooting accuracy to his defensive maneuvers. He often practiced for six hours a day, ensuring each practice session had a purpose aligned with his broader goals.

His dedication to detailed planning and constant improvement was remarkable. For instance, Jordan kept detailed notes on his performance in each game, which helped him identify areas for improvement.

Statistics highlight the impact of his approach: Michael Jordan led the Chicago Bulls to six NBA championships and earned five Most Valuable Player (MVP) awards. His career scoring average of 30.1 points per game is the highest in NBA history, proving his successful achievement of personal and team goals.

Michael Jordan's story teaches us that setting clear, specific goals coupled with determination and the willingness to face challenges head-on, can lead to incredible success.

Activity: Goal Setting and Achieving Role Play

Objective What are we learning about?

Students will learn the importance of goal setting and the strategies for achieving goals by role-playing different scenarios.

Materia What you will need for the activity.

- Scen io ca erent goals)
- Paper an annil
- Optional: Pr ed t ios (e.g., sports equipment, project materials)

Instructions How yo on ivity

1. Split the class into pairs or small g ups. As each a different goal (e.g., improving a skill, completing a project).
2. Within each group, assign roles such as goal se er, mo , and presenter.
3. Briefly discuss the importance of setting specific, achievable he strategies used by Michael Jordan as an example.
4. Prepare a short role play (3-5 minutes) that demonstrates the steps to achieve their goal. Ensure the role play highlights key strategies for setting and achieving goals.
5. Groups take turns presenting their role play to the class.
6. After each presentation, discuss as a class what strategies were effective. Provide constructive feedback and share additional strategies that could be used.
7. Reflect on the activity. Discuss what was learned about goal setting and how these strategies can be applied to personal goals.

Blog Post: Motivation Strategies

Stay Motivated, Stay Happy!

Date: July 5, 2024 Author: Harold Lim *4-minute read*

Staying motivated isn't always easy, especially when things get tough. But don't worry, I've got some cool strategies that can help keep your spirits up and your engine running!

First off, f on the positive aspects of any situation can make a huge difference. It's like whe aying a game; if you focus on the fun instead of the score, you'll enjoy it more even better! Another awesome strategy is reflecting on grat of three things you were thankful for that day. It could be as simple sunny od lunch.

Lastly, don't fo k enc t. Talking to friends, family, or teachers when you're feeling dow ive Remember, everyone needs a cheer squad!

Here's a quick example: im hav ect. Instead of stressing, break it down into small parts and cele ea lete. This way, you keep your motivation high, and the project feels l whel

So, what do you think? Ready to try these out?

Till next time,
Harold Lim

Case Study: Motivation of J.K. Rowling

J.K. Rowling's Journey to Harry Potter

J.K. Rowling's path to becoming one of the most beloved authors in the world is a true tale of motivation and resilience. Before the success of the Harry Potter series, Rowling faced numerous challenges that tested her determination.

Rowling conceived the idea of Harry Potter in 1990 during a delayed train ride from Manchester to London. At the time, she was a young writer struggling with her mother's death, unemployment, and raising a daughter on her own. Despite these hardships, Rowling's passion for storytelling never wavered. She often wrote in cafes while her daughter slept beside her.

The real test came when she finished her book, "Harry Potter and the Philosopher's Stone." Rowling received numerous rejections from publishers. It's reported that 12 different publishers rejected the first copy of Her manuscript. However, her persistence paid off when a small London publisher, Bloomsbury, gave Harry Potter a chance. It was the CEO's eight-year-old daughter fell in love with the manuscript.

Rowling's journey is a powerful example of how persistence and belief in oneself can turn even the most challenging situations into opportunities. From living on state benefits to becoming the world's first billionaire author, Rowling's story highlights the importance of never giving up on one's dreams, no matter how far away they seem.

Rowling's tale continued with the global success of the Harry Potter series, which has sold over 500 million copies worldwide, translated into 80 languages, and spawned a major film franchise. This success story serves as an inspiration, showing how staying motivated and believing in your work can lead to unimaginable achievements. Her resilience teaches young readers and writers about the power of perseverance and the magic of following one's dreams.

Curriculum Connection
FLA.1, FLA.7

Introduction to Financial Literacy

What is Financial Literacy?
Financial literacy means understanding how to manage money. It includes knowing how to earn, save, borrow, and invest money. Learning about financial literacy helps you make smart choices with your money, now and in the future.

Why Financial Literacy is Important
Financial literacy is important because it helps you make good decisions about your money. If you know how to handle money well, you can avoid problems like debt and not having enough savings. Financially literate people can plan for big expenses, emergencies, and retirement.

Key Areas of Financial Literacy

1. Earning: This is how you get money. It could be from a job, a business, or other sources. Learning how to earn money helps you understand the value of work and how to manage income.
2. Saving: Saving money means setting aside part of your earnings for future needs. It's important to save so you have money for emergencies, big purchases, or retirement.
3. Borrowing: Sometimes, you need to borrow money for things like buying a house or paying for school. Understanding borrowing helps you know how loans work and the importance of paying them back on time.
4. Investing: Investing is putting money into something over time, like stocks or real estate. Learning about investing can help you grow your wealth and prepare for the future.
5. Planning: Financial planning helps you to consider and decide how you might intend to save and spend your money.

Important Financial Literacy Facts

- **Budgeting:** Creating a budget helps you plan your spending and saving. It shows you how much money you have and where it's going.
- **Interest Rates:** When you save or borrow money, interest rates affect how much you earn or owe. Higher interest rates mean more money earned on savings or more money paid on loans.
- **Emergency Fund:** An emergency fund is money saved for unexpected expenses, like medical bills or car repairs. Experts suggest having 3-6 months' worth of expenses saved.
- **Credit Score:** Your credit score is a number that shows how reliable you are at paying back borrowed money. A higher score can help you get better loan terms.

Activity: Applying for a Loan

Objective What are we learning about?

To help students understand the process and considerations involved in borrowing money by simulating a loan application scenario.

Materials What you will need for the activity.

- Role Play Scenario Cards (provided below)
- Notepads
- Name tags (optional)

Instructions How you will complete the activity

1. Pair up students. One student will play the role of the loan officer, and the other will be the applicant.
2. Provide each pair with a scenario card that outlines the situation where the applicant needs to apply for a loan.
3. Give students a few minutes to read their scenarios and think about their roles. The loan officer will prepare questions to ask the applicant, and the applicant will prepare to explain their need for the loan and their repayment plan.
4. The applicant approaches the loan officer and explains their situation, why they need the loan, and how they plan to repay it.
5. The loan officer asks questions to understand the applicant's situation better and to assess the risk and feasibility of granting the loan.
6. After each role-play, discuss as a class what went well, what challenges were faced, and what considerations are important when applying for, or granting, a loan.

Scenario Cards | Cut out the topics below.

Scenario
• **Applicant**: You need a loan to buy a new bicycle to get to school. Explain why you need the bike and how you will repay the loan with your weekly allowance. • **Loan Officer**: Ask questions about the applicant's allowance, other expenses, and why the bike is necessary.
• **Applic**: You need a loan to buy supplies for a school project. Explain the project and h plan to repay the loan after the project is complete. • **Loa** sk questions about the project details, the cost of supplies, and the r
• **Ap nt**: Yo an to help your family with an unexpected car repair. Explain th d h ou will contribute to repaying the loan. • **Loan Offic** estio he car repair, the family's financial situation, and the repayi plan.
• **Applicant**: You want tart siness selling homemade crafts. Explain your business pl ho e and save money to repay the loan. • **Loan Officer**: Ask questions abou siness ential earnings, and expenses.
• **Applicant**: You need a loan to buy new sp uipm eam. Explain why the equipment is needed and how you pla se t he loan. • **Loan Officer**: Ask questions about the sports tea of ent and the fundraising plan.
• **Applicant**: You need a loan to pay for a school trip. Explain w important and how you will raise money to repay the loan. • **Loan Officer**: Ask questions about the school trip, the cost, and the ayment plan.
• **Applicant**: You need a loan to buy a laptop for schoolwork. Explain why you need the laptop and how you will save money to repay the loan. • **Loan Officer**: Ask questions about the necessity of the laptop, the cost, and the repayment plan.
• **Applicant**: You need a loan to buy birthday presents for your family. Explain why the presents are important and how you plan to repay the loan with your allowance. • **Loan Officer**: Ask questions about the importance of the presents, the cost, and the repayment plan.

Case Study: George Washington Carver's Education Loan

George Washington Carver's Big Decision

George Washington Carver had always been curious about plants. Growing up, he dreamed of becoming a scientist. But there was one big problem—he didn't have enough money to go to college. Determined to achieve his dream, George decided to borrow $ ay for his education at Iowa State Agricultural College.

Taki ge decision for George. He knew that borrowing money me nt he would have to pay it back, with interest. George c thought about the risks and benefits. On the one ion loan would help him achieve his of b scientist. On the other hand, if he co n't r might end up in debt. Despite the risks, ge dec t out the loan. He promised himsel e wo ard to repay it. George spent long hours studying and working p ney. His determination paid off. He graduated with a degree in e to become a famous scientist, making important discoveries about and sweet potatoes.

In George's time, taking out a loan to get an education was a big step, just as it is today. While loans can help you achieve your dreams, it's important to understand the terms and plan how to repay them. Just like George, hard work and careful planning can help you succeed.

Taking out a loan helped George Washington Carver become one of the most respected scientists of his time. His story shows that with determination and hard work, you can turn your dreams into reality, even if it means taking on a bit of risk.

Understanding Interest

What is Interest?

Interest is a fee you pay a bank or financial institution when you borrow money from them. It's like a payment for using their money. For example, if you borrow $100 ('Principal Amount') and the bank charges $5 as interest, you pay back $105.

How Inter cts Borrowing

Interest ng more expensive. You pay back the amount you borrowed (Pri Amount) rest, so the total cost is higher than the loan amount.

Understandin s

Interest rates sho much will pay. The rate is usually shown as a percentage. For examp erest %, you pay 5% of the borrowed amount as interest each year.

Sample Computation

If you borrow $200 at an interest rate of 5% per

1. Calculate interest: $200 x 0.05 = $10
2. Total repayment amount: $200 + $10 = $210

Key Points to Remember

- Principal Amount: The original amount you borrow.
- Interest: The fee for borrowing money.
- Interest Rate: The percentage of the loan amount, paid as interest.
- Total Cost: The loan amount plus interest.

Why Understanding Interest is Important

Understanding interest helps you:

1. Calculate Total Costs: Know how much you will repay.
2. Compare Loans: Find the best interest rate.
3. Avoid High Costs: Choose loans with lower rates to save money.

Blog Post: Borrowing Money Responsibly

Smart Borrowing: Mastering the Art of Managing Debt

Date: June 17, 2024 Author: Tobias E. *3-minute read*

Borrowing money can be a powerful financial tool if used wisely. Knowing when and why to take on debt is key to financial success. For example, loans for education can boost your career potential, while mortgages may increase your wealth as property values grow.

However, irresponsible borrowing, like using high-interest credit cards for luxury items, leads to debt burden. In 2021, households making impulsive purchases on credit faced much higher debt.

It's crucial to have a budget, understand all terms and conditions, and borrow only what you need. With careful planning, borrowing can support your financial goals without overwhelming you.

Till next time,
Tobias E.

Comments:

John Carter – June 17, 2024

Insightful post, Tobias! Responsible borrowing, like student loans and mortgages, can be beneficial. It's also a way to build a good credit history if managed properly.

Like Reply 11h ago

Linda Grey– June 17, 2024

I see your point, John, but we need to stress the risks more. In 2023, the average Canadian credit card debt was about $4,240, showing a trend toward excessive consumer debt that can be hard to manage. Encouraging savings over borrowing could help shift this trend.

Activity: Match the Borrowing Situation

Objective What are we learning about?

To help students learn about responsible borrowing by matching various borrowing scenarios ("If" situations) with appropriate outcomes ("Then" situations).

Materials What you will need for the activity.

- "If" situation
- "Then" outcome situation

Instructions How to complete the activity

1. Explain to the students that they will participate in a matching activity to learn about responsible borrowing.
2. Each student will receive one "If" situation card and one "Then" outcome card.
3. Hand out one card to each student. Make sure that each pair consists of one "If" and "Then" cards.
4. Students will move around the classroom to find the person holding the card that matches theirs.
5. When they find their match, they should sit together and discuss why their cards are a good match.
6. Once all pairs have found their match, bring the class back together.
7. Each pair will present their "If" situation and "Then" outcome to the class.
8. Discuss why the matches are appropriate and how responsible borrowing can help achieve financial goals.

Case Study: Warren Buffett's First Investment

Young Warren's First Stock Purchase

In the spring of 1941, a young boy named Warren Buffett, living in Omaha, Nebraska, made a decision that would chart the course of his future. At the age of 11, Warren took his fi dive into the world of finance by buying shares in a company called Cities Se

Wit icant sum for a young boy at that time—Warren purchased six shar three for his sister Doris. He paid $38 per share, not just with his m with d curiosity about the stock market.

Warren's first investme to smo first. Shortly after his purchase, the stock price dropped to $27. th intment, Warren held onto the shares, demonstrating an early unde g of i investing. His research had shown him that the company was solid, an ed, t et eventually reflected this, with the stock price rebounding 0. W is sold their shares at this price, netting a small profit. From this e, Warren learned crucial lessons about the risks and rewa the stock market. He understood that while investing could lead to earning additional money, it also came with the possibility of losing money.

This first investment taught Warren the importance of thorough research and maintaining a calm approach during market fluctuations (changes). These principles would guide him throughout his memorable career, emphasizing that investing wisely is about understanding both the gains and the risks. Through his journey, Warren Buffett became not just a savvy investor but an example of how careful analysis and patience can lead to great financial success.

Real Estate Investment

What is Real Estate Investment?

Real estate investment involves buying property like houses, apartments, or land with the hope that its value will grow over time. Investors purchase properties to earn money from renting them out or selling them at a higher price in the future.

Benefits o ng in Real Estate

Invest n offer several financial rewards:

- S Income estors rent out their properties to generate a regular income. F of the average monthly rent for an apartment in Canada is app tely $
- Property Value Gro ne, th of real estate generally increases. The average price increase o n een about 5% per year.
- Tax Advantages: Real estate invest enef various tax deductions related to property ownership, such as mort ge inter d p taxes.

Risks of Real Estate Investment

1. Market Risk: Property values can decrease due to economic downturns or changes in the area.
2. Liquidity: Unlike stocks, real estate cannot be sold quickly. It might take months to find a buyer.
3. Costs and Responsibilities: Owning property involves additional expenses such as maintenance, taxes, and insurance.

Exploring Real Estate Investment

Understanding both the benefits and risks of real estate investment is essential. Investors must research and consider how these factors might impact their financial goals. This can include studying market trends, speaking with experts, and carefully planning finances to manage the investment successfully.

Case Study: J.K. Rowling's Financial Turnaround

The Financial Wisdom Behind Rowling's Magical Success

In a small, cozy flat in Edinburgh, J.K. Rowling sat by her old wooden desk, with the hum of the bustling city barely audible through the windows. She was a single mother, struggling to provide for her young daughter, and times were tough—so tough, in fact, that she c[illegible]ed on welfare to make ends meet. But amidst the hardship, Rowling held tightly t[illegible] that danced around in her head and spilled onto the pages before her.

Rowling's wo[illegible] with[illegible] not just in her stories, but in her belief that things could get better. S[illegible]ured [illegible] soul into writing "Harry Potter and the Philosopher's Stone," a [illegible]t a yo[illegible]rd with a lightning-shaped scar. When she received a modest £1,50[illegible]ce [illegible]er, it was the first glimmer of change. It wasn't much, but it was enou[illegible]eep he[illegible]n alive.

As the books hit the shelves, something incred[illegible]ppen[illegible]g and adults alike were captivated by the world of Hogwarts and its [illegible]. With each new book, Rowling's life transformed. She made careful cho[illegible]er [illegible]nd[illegible]come, always thinking ahead. She retained the rights to her books, a decis[illegible]off handsomely as Harry Potter leapt from the pages to the s[illegible]er [illegible]and merchandise-filled stores around the globe.

By 2004, Rowling had written her way into the hearts of millions and climbed to astonishing success. From living on welfare to becoming a billionaire, her story wasn't just about making money and believing in her talent and making wise decisions.

From her quaint Edinburgh flat to global fame, J.K. Rowling's story is a testament to the power of resilience and financial wisdom.

Activity: Financial Advisors to J.K. Rowling Role Play

Objective What are we learning about?

Students will role-play as financial advisors to J.K. Rowling at different stages of her financial journey. They will discuss and decide on key financial decisions, emphasizing the importance of informed decision-making and the potential for financial turnaround through wise investing and management.

Materials What you will need for the activity.

- Fi[illegible]al sce[illegible]s
- Play mon[illegible]
- Notebooks[illegible]s for r[illegible]
- Props for role[illegible]ing [illegible], calculators, mock c[illegible]

Instructions How you will compl[illegible]ctiv[illegible]

1. Pair up students. One student will play t[illegible]e of J[illegible]ling, and the other will be the financial advisor.
2. Provide each pair with a scenario card that ou[illegible]y st[illegible] J.K. Rowling's financial journey.
3. Give students a few minutes to read their scenarios and t[illegible] roles. The financial advisor will prepare questions and advice for J.K. [illegible]ng, and J.K. Rowling will prepare to explain their financial situation and g[illegible]als.
4. J.K. Rowling approaches the financial advisor and explains their situation, the financial challenges they face, and their aspirations.
5. The financial advisor asks questions to understand Rowling's situation better and offers advice on wise investments, budgeting, and financial management to help her achieve her goals.
6. After each role-play, discuss as a class what went well, what challenges were faced, and what considerations are important when making informed financial decisions and investments.

Digital Currency Market Fluctuations Shake Vancouver Investors

Publish Date: June 20, 2024

A sudden surge in the digital currency market ha[illegible]many Vancouver investors reeling, [illegible] of popular cryp[illegible]n and Ethereum expe[illegible]led fluctuations ove[illegible]st wee[illegible]

Local investor James Le[illegible]imsel[illegible] at the center of the whirlwind[illegible] his investment portfolio tripled in value almost overnight, thanks to a sharp increase in Bitcoin prices. "It was beyond anything I'd ever expected," Lee said, still reeling from the rapid change in his financial status.

However, the excitement was short-lived. The digital market took a sharp downturn just days later, wiping out significant gains and underscoring the volatile nature of this modern investment frontier. "The drop was a harsh reminder of how unpredictable digital currencies can be," Lee added, echoing the concerns of many in his community.

Laura Gibson, a financial expert at the Vancouver Institute of Finance, explained the phenomenon. "Digital currencies are known for their rapid value changes, driven by market demand, technological shifts, and regulatory news," [illegible]he stated. Gibson highlighted that last [illegible]itcoin alone saw a 200% increase in [illegible]alue, [illegible]ing a flood of new investors look[illegible]or q[illegible]ofits.

Des[illegible]h returns, Gibson w[illegible]digi[illegible]rencies are not for the faint[illegible]hea[illegible] should be prepared f[illegible]th[illegible]bility of losing their entire investment just as quickly as they made it," she advised.

As digital currencies become more integrated into everyday transactions—with several local retailers now accepting cryptocurrency as payment—the need for investor education on these platforms grows increasingly critical.

Benefits of Investing

Earning Additional Income

Investing allows you to earn extra money, which is called "income." Instead of just keeping your money in a bank account, you can put it into something that might grow in value. For example, if you buy shares of a company, you might get paid dividends, which is li[illegible]ting a bonus for owning part of the company. This extra income can help [illegible]ings you need or save for something special.

Buildi[illegible]ealth O[illegible]

When you inv[illegible]the [illegible]to build wealth. This means your money can grow and multiply over t[illegible]or e[illegible]invest $100 and it grows by 10% each year, after one year, you will h[illegible]if it ke[illegible]ving, you will have even more money in the future. Building wealth he[illegible]ha[illegible]al security and can make your life easier.

Achieving Financial Goals

Investing is a great way to reach your financial goa[illegible]ou wa[illegible]uy a car, go to college, or save for a house, investing can help you ge[illegible]y p[illegible]oney into investments, you can make it grow faster than if you just saved

The Importance of Long-Term Financial Planning

Investing works best when you think long-term. This means planning for the future and being patient. The longer you keep your money invested, the more it can grow. Here are some key points about long-term financial planning:

- **Start Early:** The earlier you start investing, the more time your money has to grow.
- **Be Patient:** Investments can go up and down in value, but over time, they usually grow.
- **Set Goals:** Know what you are saving for and how much you need.

Case Study: Oprah Winfrey's Investments

A Journey of Smart Investments

Oprah Winfrey's journey as an investor is as inspiring as her media career. It began in 1986 with "The Oprah Winfrey Show," which quickly became the highest-rated talk show in history. However, Oprah's ambitions extended beyond her successful show.

In 2011, Oprah took a significant risk by starting her television network, OWN (Oprah Winfrey Network). The costs were in[illegible] succ[illegible]sn't guaranteed. Despite the challenges, Oprah's belief in her visio[illegible]off. B[illegible]had over 85 million viewers, and its value grew to over $100 milli[illegible]

In 2015, she invested $43.5 milli[illegible] to b[illegible] Weight Watchers, a company dedicated to helping people live healt[illegible]ves. He[illegible]t brought positive publicity, and within a year, the company's stoc[illegible]mor[illegible]led. This investment increased Oprah's wealth and showed [illegible]wn investor.

Oprah's key investment strategy is diversification. By inves[illegible]va[illegible] such as media and health, she reduced her financial risk. If one investm[illegible] well, others could still succeed. This approach is vital in investing: never[illegible] your eggs in one basket.

Her story underscores the importance of making informed choices. Oprah always researched thoroughly and invested in businesses she believed in. This strategy helped her become one of the richest women in the world, with a net worth of over $2.7 billion as of 2021.

Her story shows that with belief, hard work, and smart decision-making, extraordinary success is possible.

Blog Post: Short Term VS Long-Term Goals

Understanding Financial Planning

Date: June 21, 2024 Author: Emily Carter *3-minute read*

Short-ter als are those you aim to achieve within a year, like saving for a new bicycle o trip. These usually require smaller amounts of money and less time to achi ave part of your allowance or earn extra money through small jobs

Long-t goals l years to accomplish, such as saving for college or buying a car. These n hon a longer time frame. Investing can help with these goals, as it allo mone er time, though investments come with risks.

Aligning borrowing a ec these goals is vital. For short-term goals, saving is better tha ng t . For long-term goals, investing is beneficial as it helps accumu alt

Setting realistic financial goals and pl accord crucial. For example, if you plan to save $500 for a new bike in six ths, br own goal into smaller steps to stay motivated.

Till next time,
Emily Carter

Comments:

Jack Smith – June 21, 2024

Sometimes borrowing is necessary for short-term needs, like a school laptop. Managing debt responsibly is key.

Like Reply 12h ago

Sara Johnson – June 21, 2024

Borrowing can lead to debt. Studies show 80% who borrow for short-term needs struggle with debt. Saving is better.

Four Corners Activity: Financial Decision Making

Objective What are we learning about?

To help students reinforce their knowledge to discuss and understand financial decision-making concepts related to budgeting.

Materi ou will need for the activity.

- A list of q
- Labels for each B, C, D)

Instructions How you will omp ct

1. Prepare the classroom by labelling eac er w B, C, and D.
2. Inform students that you will read out questions o f l d sion-making and budgeting. Each question will have four multip s.
3. When you read a question, students will move to the corner tha responds to the answer they think is correct. Some of these will be opinion questions. For these questions, have students discuss their opinions in that corner with others who also chose that option. Then discuss as a class.
4. Once all students have chosen their corners, reveal the correct answer and discuss why it is correct.
5. Repeat with different questions to reinforce their understanding of concepts.

Case Study: LeBron James' Financial Planning

Mastering the Game of Financial Success

LeBron James is not just a basketball superstar; he's also a smart investor. From the beginning of his career, LeBron knew the importance of managing his finances wisely. He worked with financial advisors to help him make the best decisions.

LeBron's [illegible] taught him the importance of diversifying his investments. Instead of putting [illegible] place, LeBron spread his investments across different areas. He invested [illegible] real estate, and even started his own media company, SpringHill Entertainment. Diversifying his investments helped reduce risk and increase his chances of success.

One of LeBron's smart investments was [illegible] a company that makes high-quality headphones. When Apple bought Beats by Dre [illegible], LeBron made a significant profit. This shows how making informed decisions can lead to great rewards.

LeBron also invests in real estate. He owns multiple properties, including a $23 million mansion in Los Angeles. Real estate is a stable investment because property values tend to increase over time. According to Statistics Canada, the average home price in Canada has increased by about 5% per year over the past decade.

LeBron's financial success is not just about making money but also about planning for the future. He saves and invests to ensure long-term stability for his family. By working with financial advisors and making informed decisions, LeBron James has built a substantial portfolio worth over $1 billion.

LeBron's story teaches us the importance of financial planning, working with experts, and diversifying investments to achieve long-term success.

Introduction to Maturation

What is Maturation?

Maturation is a process that happens to everyone as they grow older. It's important because it helps us become adults. Maturation involves changes in our bodies, minds, feelings, and how we interact with others. These changes usually start happening during adolescence, which is a period of time when kids transition from childhood to adulthood.

Physical Changes

One of the most noticeable parts of maturation is the physical changes. These changes include growth spurts, where the body grows quickly in a short period. Voices may start to change, with boys' voices getting deeper, and girls might start having menstrual cycles. Both boys and girls may develop acne and experience increased body odor. It's important for everyone to develop at their own pace.

Cognitive and Emotional Changes

Maturation also involves changes in how we think and feel. During this time, the brain develops more, making it easier to solve complex problems and think critically. Emotionally, kids might feel stronger emotions and experience mood swings. This is all part of growing up and learning how to manage these feelings.

Social Changes

Socially, maturation affects how we interact with others. Friendships may become more important, and kids might start to care more about what others think. Learning to communicate well and build healthy relationships is a key part of maturation.

Important Facts About Maturation

1. Physical growth: Most adolescents grow several inches during their growth spurts.
2. Brain development: The brain continues to develop until the mid-20s, affecting decision-making skills.
3. Emotional changes: Mood swings are common due to hormonal changes.
4. Social interactions: Friendships and peer influence become stronger during adolescence.

Name: _____ 8

Curriculum Connection
00.6.1

Question How does maturation impact social interactions?

Visualize a figure showing at least three physical changes that are visible to boys during maturation, and label them.

	Boys

True or False Is the statement true or false?

1) Maturation happens only to boys.	True	False
2) Adolescence is a period of rapid changes.	True	False
3) Physical changes during maturation include growth spurts.	True	False
4) Mood swings are not common during maturation.	True	False
5) Social changes involve new friendships during maturation.	True	False

Fact or Fiction – Understanding Maturation

Objective What are we learning about?

To enhance students' understanding of the physical, cognitive, emotional, and social changes that occur during maturation, and to identify which aspects of maturation are facts and which are misconceptions.

Materials What you will need for the activity.

- A list of statements about various aspects of maturation
- A 'Fact' sign and 'Fiction' sign to distinguish the two sides of the room
- Designated areas in the classroom for the 'Fact' and 'Fiction' signs, allowing enough space for students to move to either side.

Instructions How you will complete the activity.

1. Your teacher will read statements from cards about maturation. Pay close attention as each statement is shared.
2. Consider carefully whether you think the statement is true or false.
3. If you decide the statement is true, walk to the 'Fact' side of the room.
4. If your guess is that it's not true, move to the 'Fiction' side of the room.
5. Stay on your chosen side and listen attentively for the correct answer to be revealed.
6. When the right answer is announced, return to your seat, ready for the next round.
7. Have fun getting up and moving!

Story: Curiosity and Trying New Things

Draw Draw pictures that show the story.

Bella's Journey to the Summit

Bella's he[illegible]t raced as she stood at the foot of the rock wall, gazing up at the steep, cr[illegible]ff that seemed to touch the sky. The rough surface of the rocks shim[illegible]right summer sun, and the challenge ahead filled her with both e[illegible]emen[illegible]of nervousness. Today was the day she would attempt rock climbin[illegible]st ti[illegible]en by her unquenchable curiosity to try something new.

Name: _____ 14

Curriculum Connection
00.61

"Bella, ready to go?" her instructor, Ms. Williams, aske[illegible] as she double-checked Bella's harness. Bella took a deep breath[illegible] air fill her lungs, and nodded with determination. With her heart pound[illegible] anticipation, she reached up for the first handhold, her fingers gripping the rough rock tightly as she began her ascent.

As she climbed higher, Bella's muscles burned from the effort, but she pressed on, driven by the thrill of the challenge. Midway up, she paused on a narrow ledge, looking down at the world below her. Her friends, tiny figures on the ground, waved and cheered, their voices carrying on the wind. "Keep going, Bella! You've got this!" they encouraged.

Name: _____ 15

Curriculum Connection
QQ 6.1

The climb was tough, each step requiring focus and strength, but Bella remembered something Ms. Williams had shared earlier. "You know, Bella, 80% of kids your age are curious about trying new activities. It's a natural part of growing up and learning about the world," she had said. Bella knew that this curiosity was pushing her to explore her limits, to discover new skills and passions she never knew she had.

Name: _____ 16

Curriculum Connection
00.6.1

As she neared the summit, Bella could feel her confide gro successful move. Finally, with one last surge of effort, she pu onto the top of the cliff. She stood there, breathless, gazing out at the v ndscape spread out before her. The sense of accomplishment was overwhelming—her curiosity had led her to this incredible moment, where she realized that trying new things could take her farther than she ever imagined.

This was just the beginning for Bella. She knew that this experience, driven by her natural curiosity, was the first of many new adventures and challenges she would eagerly pursue.

Newspaper Article: Influence of Peer Pressure

Local Teen Leads E-Waste Recycling Campaign with Friends

Publish Date: August 10, 2024

A group of determined teenagers from Westerly, Rhode Island, led by 16-year-old Alex, [illegible] headlines for their succ[illegible] combat electr[illegible] waste [illegible] mmunity. Alex, who ha[illegible] co[illegible]ed about the enviro[illegible] noti[illegible] growing problem of [illegible] electronics, or e-waste, pi[illegible] landfills. He knew that something had to be done, and with the support of his friends, he took action.

Alex and his classmates formed the Westerly Innovations Network (WIN), a group dedicated to finding innovative solutions to environmental problems. Despite some initial skepticism from their peers, who doubted whether a small group of teens could make a difference, Alex and his team remained determined. They began their campaign by raising awareness about the dangers of e-waste, which can release toxic chemicals into the environment if not properly disposed of.

Their hard work paid off. In just a few short weeks, the group collected over 21,000 pounds of e-waste from local schools, homes, and businesses. The electronics will now be properly recycled, keeping harmful materials out of the environment. "It's amazing to see how much we can accomplish when we work together," Alex said. "Having [illegible]e support [illegible] friends [illegible]ade [illegible] possi[illegible]t [illegible]s[illegible]hat pee[illegible]e can actu[illegible]arce[illegible]ood."

The Westerly Innova[illegible] doesn't plan to stop here. [illegible]uraged by their success, Alex and his team are already planning their next project—an educational program to teach younger students about the importance of recycling and reducing waste. "We want to keep this momentum going," Alex said. "It's important to show others that they can make a difference too."

Questions

Answer the questions below.

1) How can peer pressure influence success?

2) As a gra[illegible]6 student, how will you handle peer pressure?

Scenario

Write on[illegible] or sc[illegible] positive and negative peer pressure.

Positive	Negative

True or False

Is the statement true or false?

1) Alex Lin's e-waste campaign was a failure.	True	False
2) Alex's leadership was influenced by the desire to fit in with his peers.	True	False
3) Positive peer pressure can lead to significant community change.	True	False
4) Peer influence can only happen within close friendships.	True	False
5) Peer pressure is always a negative force.	True	False

Name: _____ 26

Activity: Understanding Peer Pressure Role Play

Objective What are we learning about?

Explore how peer pressure can influence decisions and actions, and learn strategies to respond to it effectively.

Materials What you will need for the activity.

- Paper (for [illegible] writing scripts)
- Scenario [illegible] pressure situations
- Markers and [illegible] labels)
- Notebooks (for [illegible] reflections)
- Any other relevant [illegible]

Instructions How you will complete the activity

1. Divide the students into small groups and [illegible] pressure scenario card.
2. Discuss the scenario in your group. Identify the type [illegible] involved (positive or negative) and consider the possible responses.
3. Plan a role-play that shows how the character(s) in the scenario can respond to the peer pressure. Think about both positive and negative outcomes.
4. Rehearse your role-play in your group, refining your approach to ensure it's realistic and impactful.
5. Perform the role-play in front of the class, showcasing the situation and the response to the peer pressure.
6. Facilitate a class discussion after each performance. Discuss what was realistic, what could have been done differently, and how the scenario might play out in real life.
7. Reflect on your role-play experience by writing a short paragraph about what you learned about peer pressure and how you can apply these lessons in your own life.

Changes in Self-Knowledge and Self-Image

Understanding Self-Knowledge and Self-Image

As you enter adolescence, you'll notice that your understanding of who you are—known as self-knowledge—and how you see yourself—known as self-image—start to evolve. This period of change is a normal and important part of growing up. During this time, you begin to learn more about your likes, dis[illegible] strengths, and areas where you might need improvement.

Factor[illegible]f-Knowledge and Self-Image

Sev[illegible]ute to the development of your self-knowledge and self-image:

1. Experien[illegible] new [illegible]r challenge you try, whether it's joining a sports team, taking [illegible]eade[illegible] learning a new skill, helps shape your self-knowledge. For exa[illegible]u try [illegible] the basketball team and discover you enjoy it, you learn som[illegible]ew [illegible]nterests and abilities. These experiences help you unde[illegible]tand [illegible]unique.
2. Social Interactions: The way you[illegible]ct with [illegible] how they respond to you play a big role in shaping your self-im[illegible] you[illegible]d yourself with positive, supportive friends, you're more [illegible]o d[illegible]hy self-image. On the other hand, negative comments or cri[illegible]ometi[illegible]rt how you see yourself, which is why it's important to choose wh[illegible]
3. Personal Reflections: Taking time to think about your [illegible]ons[illegible]als is another way to develop self-knowledge and self-awarene[illegible]on your experiences helps you understand your emotions and why y[illegible]ct in certain ways. This self-awareness is crucial as it allows you to make decisions that align with your values and who you want to be.

The Importance of a Positive Self-Image

Developing a positive self-image is important for your overall well-being. A positive self-image means that you feel good about who you are and recognize your worth. Research shows that teens with a positive self-image are 50% more likely to have high self-esteem, which in turn boosts their confidence in school and social situations. Moreover, these teens are more likely to take on challenges, set goals, and build strong, healthy relationships.

SOCIAL STUDIES

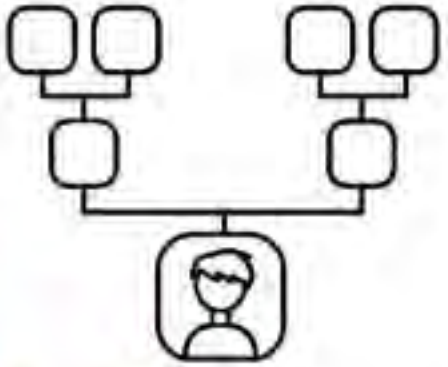
Activity: My Self-Image Network Web

Objective What are we learning about?

Students will identify and visually represent the factors, including experiences and people, that influence their self-image. They will reflect on how these factors contribute to their personal development and well-being.

Material you will need for the activity.

- Provided web template (paper or digital)
- Coloured pencils
- Sticky notes or small cut-outs (optional)
- Journals or notebooks for reflection



Instructions How you will complete the activity

1. Start by reflecting on the factors that positively influence your self-image. This can include people, experiences, accomplishments, or environments that contribute to how you see yourself.
2. Take the provided web template, which has a central circle labeled "Self" and several outer circles connected by lines. This template will help you organize your influences visually.
3. In each outer circle, write the name of a person, experience, or factor that positively influences your self-image. Consider using different colours to represent different types of influences, such as family, achievements, friends, or hobbies.
4. Next to each name or factor, write a short description of how it supports your self-image. For example, you could write, "Encourages me to pursue my passions," or "Gave me confidence through achievements."
5. Outside of the web, list or draw four major factors that have significantly impacted the development of your self-image. These could be key experiences, important people, or other significant elements.
6. If you want to add more detail, you can use sticky notes or small cut-out shapes to provide specific examples of support or experiences. Attach these notes around the corresponding outer circles on your template.
7. After completing your web, take a few minutes to review it. Consider how each factor contributes to your sense of self and the importance of these influences in your life.

Newspaper Article: Responsibility and Growth

Young Author Adora Svitak Inspires Responsibility and Growth

Publish Date: August 12, 2024

At just 12 years old, Adora Svitak captivate[d] world with her TED Talk, "What A[dults] [Can] Learn from Kids." As a you[ng] [author] [advocate] for literacy, Adora's [j]ourney [serves] as a compelling example of how taking [early] responsibili[ty] can lead to personal growth and ma[turity].

Adora began writing at the age of five, quickly discovering her passion for storytelling. By the time she was 10, she had already published her first book, "Flying Fingers," which showcased her impressive writing abilities. This early responsibility not only honed her communication skills but also taught her the value of discipline and time management—skills that would serve her well in her future endeavors.

In her TED Talk, which has garnered over five million views, Adora urged adults to take children seriously, stating that "learning should be reciprocal." Her message emphasized that both children and adults have valuable lessons to offer each other. Adora's advocacy for education and literacy has inspired countless young people to take charge of their own learning and to use their voices to make a difference.

"Taking on responsibility at a young age helped me grow in ways I never imagined," Adora shared in a recent [interview]. "It taught me the importance of perseverance and the power of believing in yourself."

Adora [continues] to [inspire] not just her speeches [and] writing, [but] by being involved in numerous [educational] initiatives, including [visits] to schools and conferences around the world. Her dedication to literacy and education has earned her several awards and recognitions, making her a role model for young people everywhere. By embracing responsibility at such a young age, Adora has shown that maturity and growth are not defined by age but by one's willingness to take action and make a difference.

Name: _____ 43

Curriculum Connection
00.6.1

Questions

Answer the questions below.

1) Why is Adora considered a role model for young people?

2) In wha[illegible]s Adora contributed to education globally?

Questioning

Write two ques[illegible]out the text.

1)	
2)	

Fill in the Blanks

Circle the word that fits the statement

1) Adora believes learning should be _____.	reciprocal	independent
2) Early responsibilities taught Adora the value of _____	discipline	freedom
3) The TED Talk encourages adults to learn from _____.	children	mistakes
4) Literacy and _____. are central to Adora's advocacy.	fashion	education
5) Adora's journey is an example of _____.	success	growth

Activity – TED Talk Analysis

Objective What are we learning about?

To analyze Adora Svitak's TED Talk, "What Adults Can Learn from Kids," and discuss how her responsibility as a speaker and advocate has influenced her growth. Students will identify how responsibility can lead to the development of public speaking, critical thinking, and leadership skills.

Materials What you will need for the activity.

- Computer or ... display the TED Talk
- Notebook ... for students to take notes
- Whiteboard ... markers for discussion
- Reflection questions ...

Instructions How you will implement the activity.

1. Begin by introducing Adora Svitak, providing a brief overview of her achievements as a young author and speaker who advocates for literacy and education.
2. Explain the objective of the activity: to watch and analyze Adora Svitak's TED Talk, focusing on how her responsibilities as a speaker have contributed to her personal growth and development.
3. Play Adora Svitak's TED Talk, "What Adults Can Learn from Kids," ensuring that students can clearly see and hear the presentation.
4. During the TED Talk, instruct students to take notes on key messages, moments where Adora demonstrates responsibility, and any examples of public speaking, critical thinking, and leadership skills.
5. After the TED Talk, lead a class discussion where students share their observations and thoughts on how Adora's responsibilities have influenced her growth. Use the whiteboard to highlight key points from the discussion.
6. Distribute the reflection question handouts and instruct students to complete them individually, drawing on their notes and the class discussion to answer the questions thoughtfully.

Write Reflect on Adora Svitak's TED Talk and answer the following questions. Use these questions to guide your reflection.

1. *How has Adora's role as a speaker helped her improve?*
2. *How does Adora use critical thinking in her talk?*
3. *How does Adora show leadership in her message to adults?*
4. *How has advocating for literacy helped Adora grow?*
5. *What's one lesson you learned from Adora's talk?*
6. *What did you like about Adora's speaking style?*
7. *Does Adora's talk inspire you to take on more responsibilities?*

Name: _____ 46

Physical Changes During Adolescence

Growth Spurts and Puberty

As you enter adolescence, your body begins to undergo significant physical changes, marking the transition from childhood to adulthood. One of the most noticeable changes is the growth spurt. This is a period when you might suddenly grow taller over a short time. For most girls, this growth spurt happens between the ages of 10 and 14, while for boys, it typically occurs a bit later, between 12 and 16 years old. During this time, you might also notice that your body shape changes as your muscles develop and you may gain weight as your body prepares for adulthood.

Alongside growth, puberty is another key change during adolescence. Puberty is the process where the body starts to develop adult features. For boys, puberty includes changes such as the deepening of the voice, the growth of facial and body hair, and increases in muscle mass. For girls, puberty involves the growth of breasts, the start of menstrual cycle, and the widening of the hips. These changes are natural and are part of the natural process of growing up.

Increased Nutritional Needs

As your body goes through these changes, it needs more nutrients to support your growth and development. It's important to eat a balanced diet that includes all the nutrients your body needs. Some of the key nutrients for adolescents include:

- **Calcium:** This is crucial for building strong bones, which grow rapidly during adolescence.
- **Protein:** Helps in the growth and repair of tissues, including muscles that are developing as you grow.
- **Iron:** Particularly important for girls who start menstruating, as it helps to support the increased blood volume in your body.

Importance of a Healthy Lifestyle

Maintaining a healthy lifestyle during adolescence is vital to support these physical changes. Regular exercise, such as playing sports or going for a walk, helps keep your muscles strong and your heart healthy. Getting enough sleep is also important, as your body does a lot of growing and repairing during rest. Adolescence can be a time of rapid change, and taking care of your body by eating well, staying active, and resting will help you navigate these changes more smoothly.

Name: _____ 47

Curriculum Connection

Bored	Hop[illegible]
Grateful	Shy
Guilty	Overwhelmed
Relieved	Annoyed
Amazed	Sympathetic

Social Changes and Identity Formation

How Social Interactions Shape Identity

As you grow older, the way you see yourself, called your identity, starts to change. Social interactions and relationships play a big role in shaping who you are. During adolescence, this process becomes even more important. Let's explore how family, friends, and community influence your identity.

The Role of Family

Your family is the first group of people who influence your identity. They teach values and traditions that help shape your sense of self. For example, if your family values honesty, you may grow up seeing honesty as a key part of who you are.

Friends and Peer Groups

As you spend more time with friends, they start to have a strong impact on your identity. Friends often share your interests, hobbies, and even your opinions. It's important to have friends who support and encourage you because:

- Positive friends can boost your confidence.
- Good friends help you make healthy decisions.
- Supportive friends respect your individuality.

Community Influence

The community you live in also shapes your identity. This includes your school, neighbourhood, and any groups you belong to, like sports teams or clubs. Being part of a community gives you a sense of belonging and can influence your values and behaviours.

Positive Social Connections

Having positive social connections is crucial for developing a strong sense of identity. These connections help you feel valued and understood, which boosts your self-esteem. Positive relationships with family, friends, and community members make it easier to navigate challenges and grow into the person you want to become.

Name: _____ 70

Curriculum Connection
OD.6.1

True or False

Is the statement true or false?

1. Social interactions influence how you see yourself.	True	False
2. Community involvement has little effect on identity.	True	False
3. Supportive friends do not respect individuality.	True	False
4. Belonging to a community influences values and behaviours.	True	False
5. Identity remains the same throughout adolescence.	True	False

Question

Answer the questions below.

1) How does your [illegible]ence your identity?

2) What are the benefits of having supp[illegible] po[illegible]friends?

Feelings

Identify whether the influence in each scenario co[illegible]ity (FA), friends (FR) , or community (CO).

	1) David regularly volunteers at the local food bank.
	2) Sarah takes pride in her cultural heritage and shares it at school.
	3) Liam spends a lot of time playing games, just like those he hangs out with.
	4) Michael enjoys outdoor activities, something his neighborhood organizes.
	5) Jake joins a coding club and starts programming after seeing others do it.
	6) Emily is passionate about recycling, a practice she's grown up with.
	7) Ethan participates in multiple sports, encouraged by his active role models.

Name: _____ 71

Activity: Positive Connections Role-Play

Objective What are we learning about?

To reinforce the importance of positive social interactions in building a strong sense of identity. Through role-playing, students will explore how supportive relationships with family, friends, and community members contribute to their personal [illegible]wth and decision-making.

Materi[illegible] [illegible]ou will need for the activity.

- Scenario c[illegible] (with [illegible]cenarios that students will act out)
- Props (op[illegible])
- Reflection wo[illegible]ets f[illegible]o complete after the activity

Instructions How you w[illegible]ple[illegible]

1. Begin by discussing the concept[illegible]ositive [illegible]ctions with the class, emphasizing how these relationships ca[illegible]ence[illegible]ntity and decision-making.
2. Divide the class into small groups of 3-4 st[illegible]ide e[illegible]oup with a scenario card that outlines a situation involving [illegible]soc[illegible]nections. Examples include a friend helping someone make a[illegible]d d[illegible] member offering support during a difficult time, or a com[illegible] encouraging participation in a group activity.
3. Instruct the groups to read their scenario together and discuss[illegible] they will act it out. Encourage them to think about the emotions and reactions of the characters involved.
4. Give the groups time to practice their role-play, allowing them to use props if desired. Remind them to focus on how the positive social connection in the scenario contributes to the characters' identity and choices.
5. Once the groups are ready, have each group present their role-play to the class. After each performance, discuss as a class how the scenario illustrated the importance of positive social connections.
6. After all the groups have performed, distribute the reflection worksheets and ask students to complete the reflection questions based on their experience during the activity.

Name: _____ 79

Activity: Stress Management Techniques

Objective What are we learning about?

Teach students stress management techniques like deep breathing, mindfulness, and progressive muscle relaxation to support their mental health and well-being during adolescence.

Materials What you will need for the activity.

- Fact sheets with explanations for each stress management technique
- Comfortable seating or mats for students to sit or lie down on
- A quiet space for students to focus on the techniques

Instructions How you will implement the activity

1. Start by discussing the impact of stress on mental and physical health and why it's important to manage it.
2. Distribute fact sheets that explain deep breathing, mindfulness, and progressive muscle relaxation.
3. Guide students through deep breathing: sit comfortably, close eyes, inhale slowly through the nose, and exhale through the mouth.
4. Practise mindfulness: sit quietly, focus on the present moment, and observe breathing and sensations without judgment.
5. Guide progressive muscle relaxation: lie down, tense, and relax muscle groups from toes to head, noticing the difference between tension and relaxation.
6. After practicing, have students complete the reflection worksheet on their experience.

Name: _____ 80

Curriculum Connection
00 of 2

Handout | Fact sheet on stress management techniques:

Deep Breathing	A simple technique that helps calm your mind and body by focusing on your breath.

How to do it:

1. Sit or lie down in a comfortable position.
2. Clos[illegible]our eyes and relax your shoulders.
3. Inha[illegible]ly through your nose for a count of four, filling your lungs with air.
4. Ho[illegible]eath for a count of four.
5. [illegible]ugh your mouth for a count of four, releasing all the air [illegible]your lu[illegible]
6. Repeat thi[illegible]or a few minutes, focusing on the rhythm of your breath.

Benefits:

1. Reduces anxiety a[illegible]
2. Lowers blood pressu[illegible]
3. Improves focus and concentrati[illegible]

Mindfulness	The practice of being full[illegible]nt in [illegible] without judgment. It helps you becom[illegible]s, feelings, and surroundings.

How to do it:

1. Sit comfortably and close your eyes if you like.
2. Focus on your breathing, noticing the sensation of air moving in [illegible]out.
3. Pay attention to the sounds around you, the feeling of your body on the chair or floor, and the sensations in your body.
4. If your mind starts to wander, gently bring your focus back to your breathing or the present moment.
5. Practise this for a few minutes each day to build your mindfulness skills.

Benefits:

1. Increases awareness and focus
2. Helps manage emotions and stress
3. Enhances mental clarity

Name: _____ 81

Progressive Muscle Relaxation	Involves tensing and then relaxing each muscle group in your body. This helps release physical tension and promotes relaxation.

How to do it:

1. Lie down in a comfortable position with your arms at your sides.
2. Start with your toes: curl them tightly for a few seconds, then release and relax them.
3. Move to your calves: tense them by pointing your toes upwards, hold for a few seconds, then release.
4. Continue moving up your body, tensing and relaxing each muscle group—thighs, abdomen, chest, arms, shoulders, and face.
5. After you've tensed and relaxed all muscle groups, take a moment to enjoy the feeling of complete relaxation.

Benefits:

1. Relieves physical tension
2. Reduces stress and anxiety
3. Improves sleep quality

Visualization	Is a relaxation technique where you imagine a peaceful scene or a place where you feel calm and safe. It helps reduce stress by engaging your mind in a positive image.

How to do it:

1. Sit or lie down in a comfortable position.
2. Close your eyes and take a few deep breaths to relax.
3. Picture a place where you feel completely at peace. This can be a beach, a forest, a mountain, or any place that makes you feel calm and happy.
4. Imagine the details of this place: the sights, sounds, smells, and how it feels. For example, if you're imagining a beach, think about the sound of the waves, the warmth of the sun, and the feel of the sand under your feet.
5. Stay in this imagined place for a few minutes, fully experiencing the peacefulness it brings.
6. When you're ready, slowly bring your focus back to the present, taking a few deep breaths as you open your eyes.

Benefits:

1. Reduces stress and anxiety
2. Enhances mood and relaxation
3. Improves focus and mental clarity

Name: _____ 90

Activity – Therapy Simulation

Objective What are we learning about?

To promote empathy and understanding of how therapy can be a valuable tool in mental health recovery. Students will gain insights into the therapeutic process and the importance of opening up about their feelings and seeking support.

Materials What you will need for the activity.

- [illegible] cards
- Cha[illegible]arrang[illegible]or the role-play
- Reflection [illegible]or a[illegible]he activity

Instructions How [illegible] activity

1. Begin by discussing with t[illegible]ss [illegible]nd why it can be helpful for people dealing with mental health[illegible]ges, p[illegible]rly during adolescence.
2. Divide the class into pairs. Each pair will cons[illegible]one[illegible]t playing the role of the "therapist" and the other playing the r[illegible]n ado[illegible]ing a specific mental health challenge (using the scenario[illegible] pr[illegible]
3. Distribute the role cards to each pair. The "therap[illegible]d will in[illegible]ompts and questions to guide the conversation, while the adoles[illegible]ard[illegible] background on the particular challenge they are dealing[illegible]th.
4. Instruct the pairs to begin the role-play. The "therapist" will as[illegible]es[illegible]nd offer supportive strategies, while the adolescent will practice expressing[illegible]eelings and discussing their challenges.
5. Allow each role-play to continue for about 5-10 minutes. Encourage students to take the conversation seriously and to engage fully with the emotions involved.
6. After the role-play, ask the pairs to switch roles and repeat the exercise, so each student has the opportunity to experience both perspectives.
7. Once both rounds of role-play are complete, have the students return to their seats and distribute the reflection worksheets.
8. Give the students time to complete the reflection questions, then discuss the activity as a class, focusing on what they learned about the therapy process and the importance of seeking help.

Unit 2

Scenario Cards | Cut out the topics below.

Scenario	Key Moments/Descriptions
Academic Pressure	You're feeling overwhelmed by the pressure to perform well in school. The constant stress of tests, homework, and maintaining good grades is making it hard for you to focus or enjoy your free time. Discuss with the therapist how this academic pressure is affecting you and explore ways to manage it.
Anxiety about the Future	You've been feeling anxious about the future, unsure of what path to take or how to handle the uncertainties ahead. The thought of making important decisions, like choosing a high school or thinking about a career, feels overwhelming. Talk to the therapist about your fears and explore strategies to cope with this anxiety.
Difficulty Opening Up	You find it difficult to share your feelings with others because you worry they won't understand or will think less of you. You often keep your emotions bottled up, which makes you feel even more isolated. Discuss with the therapist how to start opening up about your feelings and the benefits of sharing with trusted people.
Social Isolation	You often feel isolated from your peers, struggling to fit in or belong. Even when you're around others, you feel lonely and disconnected. This feeling of isolation is starting to affect your mood and self-esteem. Share with the therapist how this social isolation impacts you and discuss ways to build stronger connections with others.
Balancing Expectations	You're struggling to balance the expectations placed on you by your parents, teachers, and friends. It feels like everyone wants something different from you, and you're not sure how to meet these expectations while staying true to yourself. Discuss with the therapist how to manage these expectations and prioritize your own well-being.

Name: _____ 92

Therapeutic Connection
Unit 2

Scenario Cards | Cut out the topics below.

Scenario	Key Moments/Descriptions
Body Image Issues	You've been feeling insecure about your appearance and body image. Comparing yourself to others on social media and at school makes you feel like you're not good enough. This insecurity is starting to affect your confidence and self-worth. Talk to the therapist about these feelings and explore ways to improve your body image and self-esteem.
Fear of Fa	You're constantly afraid of failing, whether it's in school, spo or social situations. This fear is preventing you fro g new things or taking risks because you don't w oint yourself or others. Discuss with the s fear of failure is holding you back and str overcome it.
Relationship Struggles	You hav your relationships with friends or mem nderstandings, arguments, or feelin being upported are causing tension and stres r life th the therapist how these relations ing you and discuss ways to improve icatio resolve conflicts.
Dealing with Peer Pressure	You've been facing peer pressure to ake you uncomfortable, like trying something r going along with something you don't believe in. s pressure is making you feel conflicted and stressed. Talk to the therapist about how this peer pressure is affecting you and discuss ways to stand up for yourself.
Managing Stress and Overwhelm	You've been feeling overwhelmed by the number of responsibilities you have, from schoolwork to extracurricular activities to social obligations. It seems like there's never enough time to relax or take care of yourself. Discuss with the therapist how this stress is impacting you and explore strategies to manage your time and stress levels more effectively.

Story: Body Image and Self-Esteem

The Mirror and the Media

Ben was a Grade 6 student in Toronto, and he loved drawing and reading. But recently, something had been bothering him. Ben was heavier than most of his classmate[illegible]nd he couldn't help but notice. Whenever he looked in the mirror, he felt unhappy [illegible]body. At school, some kids teased him, calling him names that made him fe[illegible] social media, all he saw were images of thin, fit people that mad[illegible]feel lik[illegible] belong.

One day, afte[illegible]Ben's [illegible] Alex saw him sitting alone, looking sad. "Hey[illegible]re y[illegible]x asked.

Ben sighed. "Not really. I[illegible]like[illegible]. Everyone on Instagram looks so perfect[illegible]d I f[illegible]in."

Alex frowned. "You know, Ben, you're [illegible]alone. [illegible]s s[illegible] that 70% of girls and 40% of boys in Canada f[illegible]appy their body image. A lot of those pictures you see[illegible]e[illegible]people use filters and edit their photos."

Ben was surprised. "Really? I didn't know that."

Alex nodded. "It's true. It's important to remember that everyone is di[illegible]t. What matters is that you're healthy and happy. You're great just the way you are, Ben."

Hearing this made Ben think. He decided to spend less time on social media and more time doing what he loved, like drawing and reading. He also started talking to his parents and friends about how he felt, which helped him feel less alone.

Ben learned that body image and self-esteem are connected, but he didn't have to let them define how he felt about himself. With the support of his friends and focusing on the things that made him happy, Ben began to see that he was valuable just the way he was.

Importance of Immunization

The Role of Immunization in Keeping You Healthy

Immunization is a way to protect your body from harmful diseases. During adolescence, your body is still growing, and getting vaccinated helps keep you healthy. Vaccines work by teaching your immune system to fight off certain infections, so if you ever come into contact with them, your body knows how to protect itself.

Common Vaccines for Your Age Group

In Canada, several vaccines are recommended for adolescents. These include:

- Tdap (Tetanus, Diphtheria, Pertussis): Protects against three serious diseases. Tetanus can cause painful muscle stiffness, diphtheria can cause breathing problems and heart failure, and pertussis (whooping cough) leads to severe coughing fits.
- HPV (Human Papillomavirus): Protects against the virus that can lead to certain cancers, such as cervical cancer in girls and throat cancer in boys. The vaccine is most effective when given before exposure to the virus, which is why it's recommended during adolescence.
- Meningococcal Vaccine: Protects against meningitis and sometimes deadly infection of the brain and spinal cord. These bacteria can also cause blood infections.

The Benefits of Staying Up-to-Date

Keeping your immunizations up-to-date has several key benefits:

- Personal Health: Vaccines prevent illnesses that can have long-term health effects. For example, the HPV vaccine can reduce the risk of certain cancers by up to 90%.
- Community Protection: Vaccination helps create herd immunity, which protects those who cannot be vaccinated, such as newborns and individuals with weakened immune systems.
- Preventing Outbreaks: High vaccination rates help prevent outbreaks of diseases like measles and whooping cough, which can spread quickly in schools and communities.

Substance Use and Its Effects

Understanding the Risks of Substance Use

Substance use during adolescence is a serious issue that can lead to many harmful effects. When young people use substances like alcohol, tobacco, or drugs, it can affect their brains, which are still developing. The brain doesn't fully mature until around age 25, so using substances before then can cause problems with memory, decision-making, and learning.

One of the biggest risks of substance use is addiction. Addiction happens when a person feels like they need to use a substance all the time, even if it's harmful to them. Research shows that people who start using substances at a younger age are more likely to become addicted later in life.

Making Informed Decisions

It's important to make informed decisions about substance use. Here are some key points to remember:

- **Peer Pressure:** Many teens try substances because they feel pressured by their friends. Learning to say no is important.
- **Health Risks:** Substance use can lead to serious health problems, including heart disease, lung issues, and mental health disorders.
- **Legal Consequences:** In Canada, it is illegal for anyone under the age of 18 or 19 (depending on the province) to buy alcohol or tobacco.

Benefits of Staying Substance-Free

Choosing to stay substance-free has many benefits. It helps you feel better, perform better in school, and maintain strong relationships with family and friends. Additionally, avoiding substances reduces the risk of developing serious health problems later in life, such as addiction or chronic diseases. Making the decision to stay substance-free is one of the best ways to ensure a healthy and happy future.

Building a Strong Support System

One of the best ways to resist the temptation of substance use is to have a strong support system. Surrounding yourself with friends and family who encourage healthy choices can make it easier to say no when faced with peer pressure. It's also important to talk to trusted adults, such as teachers or counselors, if you're feeling stressed or pressured. Having people you can turn to for advice and support can make a big difference in staying substance-free and making positive decisions for your future.

Activity – What Would You Do? Scenarios Recitation

Objective What are we learning about?

To promote critical thinking and decision-making skills in relation to substance use by having students verbally respond to scenarios in a recitation format. This encourages spontaneous thinking and the ability to articulate thoughts clearly.

Materials What you will need for the activity.

- tten scenarios related to substance use)
- A ha bowl, ld the cards
- A timer o

Instructions How y mplet ctivity

1. Start by explaining the pur se o ctise responding to peer pressure or substance use scena d to di se responses in a group setting.
2. Prepare two sets of cards: one set with d sce ed to substance use, and another set with reflection questio la rds in one container (e.g., a hat, bowl, or box) and the refl stion n another.
3. Have students sit in a circle or arrange the classro at see and hear each other.
4. Choose a student to go first. They will draw a scenario card her and read it aloud to the class.
5. The student will then have a few moments to think about how they uld respond to the scenario. After they've gathered their thoughts, they will verbally explain their response to the class. They should include what they would say, how they would feel, and what they believe the outcome would be.
6. After the student explains their response, they will draw a reflection question card from the other container. The student will read the reflection question aloud and answer it based on their scenario and response.
7. Once the student has completed both tasks, allow a brief moment for classmates to offer feedback or ask questions. This can lead to a short class discussion if relevant.
8. Continue the activity with the next student drawing a scenario card, followed by a reflection question card, until all students have had a turn.

Story: Rest and Sleep

The Power of Sleep: Why Rest Matters

Jenna always felt tired during her Grade 6 classes. No matter how much she tried to focus, her eyelids felt heavy, and her brain seemed foggy. Her teacher, noticing this, decided to share an important lesson about sleep.

"Did you know, Jenna?" Mr. Thompson began, "that children your age need 9 to 11 hours of sleep each night? It's crucial for your growth and development? During sleep, your body repairs muscles, builds stronger, and your brain processes everything you've learned during the day. Studies show that getting enough sleep can improve memory and help you do better on tests."

Jenna was surprised. She often stayed up late playing games on her tablet and only getting about 6 hours of sleep. Mr. Thompson explained that sleep patterns often change during adolescence. "Your body's natural rhythm may want to stay up later, but that doesn't mean you need less sleep. Research indicates that sleep deprivation can lead to mood swings, trouble concentrating, and even poor grades. Did you know that teenagers who don't get enough sleep are more likely to experience anxiety and depression?"

He also shared some tips for healthy sleep habits: "Create a bedtime routine. Maybe read a book or listen to calm music. Avoid screens an hour before bed. Keep your room cool and dark, and try to go to bed at the same time every night. Did you know that exposure to screens before bed can reduce the quality of your sleep by disrupting your body's natural sleep-wake cycle?"

Jenna realized she needed to make changes. That night, she put away her tablet, read a book, and fell asleep quickly. The next day, she felt more awake, energized, and ready to learn. Her grades improved, and she was happier overall, proving just how powerful a good night's sleep could be.

Newspaper Article: Nutrition and Balanced Diet

Local Student Hospitalized Due to Poor Nutrition

Publish Date: August 21, 2024

A 12-yea[illegible]d student from Maple Ridge School w[illegible]d to the hospital last week[illegible]uring gym class. Doct[illegible]ve co[illegible]t the cause was severe [illegible]pa[illegible] concerns about [illegible]ng h[illegible] adolescents.

The student's parents, Mr. and Mrs. Collins, were shocked by the incident. "We thought skipping a meal here and there wasn't a big deal, but we didn't realize how much her body needed proper nutrition," Mrs. Collins shared. "We've always told her to eat her veggies, but she's been skipping breakfast and lunch, opting for snacks instead."

Dr. Sara Thompson, the attending physician, explained, "During adolescence, the body is growing rapidly and requires more nutrients than at any other time. Essential nutrients like iron, calcium, and protein are crucial for developing strong bones, healthy muscles, and a robust immune system. In this case, the lack of these nutrients led to severe fatigue and a weakened state."

According to Dr. Thompson, the student had been consuming mostly processed foods with little nutritional value. "Many teens don't understand the importance of [illegible]balanced diet," she said. "Fruits, [illegible]bles, whole [illegible]ains, prot[illegible] [illegible]ded [illegible] ever[illegible] support t[illegible]th."

Since the incident, M[illegible]hool has also decided to take [illegible]n. The school is launching a new program to educate students and parents about the importance of proper nutrition. "We want to make sure our students are healthy and strong," said Principal Roberts. "This situation has shown us how vital it is to reinforce healthy eating habits both at school and at home."

Blog Post: Nutrition and Athletic Performance

How Sydney McLaughlin Fueled Her Way to Olympic Gold

Date: August 23, 2024 Author: Emma Davis *4-minute read*

Sydney McLaughlin, an Olympic hurdler, has shown the world that what you eat can directly impact how well you perform. In her early career, Sydney struggled with energy levels and endurance. After consulting with a nutritionist, she made significant changes to her die helped her become one of the fastest hurdlers in the world.

Sydney more complex carbohydrates, like whole grains, which provide long lso increased her intake of lean proteins, such as chicken and fish, build muscles. Fruits and vegetables became a big part of her diet too, providi vita ins and minerals. One key change was adding more healthy fats, avoc d nuts, which help maintain energy during long training sessions.

The results were incredi y repo eling stronger, faster, and more focused during her races. In 2021, the d in the 400-meter hurdles with a time of 51.46 seconds!

Proper nutrition is crucial not just for s like for anyone who wants to stay active and healthy. What you eat can make a diffe n how you perform in sports and in everyday activities.

Till next time,
Emma Davis

Comments:

John M. – August 23, 2024

I totally agree! Nutrition plays a huge role in athletic performance. Sydney's diet changes clearly show how eating right can lead to better results.

Like Reply 7h ago

Audrey Lee– August 23, 2024

While I think nutrition is important, I believe training and mindset are just as crucial. Even with a perfect diet, without the right training, you might not reach your full potential. A study I read showed that mental preparation can improve performance by up to 15%. What do you think?

Pregnancy and Sexual Health Education

Understanding How Pregnancy Happens

Pregnancy can occur when a sperm from a male fertilizes an egg from a female. This usually happens during sexual intercourse. When a sperm and egg meet, they can create a new life. It's important to understand how this process works so you can make informed decisions about your health.

The Importance of Reproductive Health

Reproductive health involves taking care of the parts of your body that are involved in creating children, such as the ovaries in females and the testes in males. Knowing how these parts work is important for understanding how pregnancy happens and how to keep yourself healthy.

Preventing Pregnancy and Infections

The most effective way to prevent pregnancy and sexually transmitted infections (STIs) is by practicing abstinence, which means not engaging in sexual activity. Abstinence is 100% effective in preventing pregnancy and STIs. However, if someone chooses to be sexually active, there are other methods like condoms and birth control that can help reduce the risk. It's important to know that no method other than abstinence is completely foolproof.

The Importance of Consent

Consent means agreeing to do something and making sure that both people involved are comfortable with the decision. In any sexual activity, it's crucial to have clear and enthusiastic consent from both people. Without consent, sexual activity is not safe or respectful.

Key Points to Remember:

- Pregnancy can happen through sexual intercourse.
- Reproductive health is essential for understanding how your body works.
- Abstinence is the only 100% effective way to prevent pregnancy and STIs.
- Consent is vital in all sexual activities.

Name: _____ 132

Types of Birth Control

Understanding Birth Control

Birth control is a way to prevent pregnancy, and there are many types available, each with different levels of effectiveness and risks.

Types of Birth Control

1. Horm[illegible] Methods: This category includes birth control pills, pat[illegible]tions, and implants, which release hormones to [illegible]irth control pills are about 91% effective with typical use and up [illegible] with p[illegible] Patches and injections have similar effectiveness. Possible side effe[illegible]se[illegible]od changes, and blood clots, especially in smokers.
2. Barrier Me[illegible]ese c[illegible]ndoms, diaphragms, and cervical caps. Condoms are a[illegible]85%[illegible]venting pregnancy and also protect against STIs. Diaphragms an[illegible] caps[illegible]ffective, ranging from 71-88%, and must be used every time [illegible]g int[illegible]
3. Intrauterine Devices (IUDs): IUDs [illegible], T-sh[illegible]evices inserted into the uterus, available in hormonal and c[illegible]pper type[illegible]ey a[illegible]r 99% effective, with hormonal IUDs lasting up to 5 years and c[illegible]UDs [illegible]rs. Side effects may include cramping or heavier periods, pa[illegible]
4. Natural Methods: These involve tracking menstrua[illegible]avo[illegible]during fertile days, with effectiveness ranging from 76-88%. They req[illegible]car[illegible]do not protect against STIs.
5. Permanent Methods: Sterilization procedures like tubal ligation for [illegible]n and vasectomy for men are over 99% effective and intended to be permanent solutions that are difficult to reverse.

Making Informed Decisions

Making informed decisions about birth control involves considering factors like effectiveness, side effects, ease of use, and whether or not you want to protect against STIs. For example, if you're not in a monogamous relationship, choosing a method that also protects against STIs, like condoms, is important. It's also crucial to talk to a healthcare provider about any health conditions or concerns that might affect your choice.

Name: _____ 137

6D.6.A, 6D.6.7

Questions

Answer the questions below.

1) What should be considered when making informed decisions about birth control?

2) If you a[illegible]hoose one birth control, which do you think is the safest and why?

Comparison

List th[illegible]d con[illegible]g natural methods for birth control.

Pros	Cons

Fill in the Blanks

Complete the sentences below.

1) IUDs are _____ devices inserted into the uterus.	T-shaped	L-shaped
2) Natural methods require careful _____ tracking.	cycle	day
3) Condoms are _____ effective in preventing pregnancy.	85%	95%
4) Hormonal IUDs can last up to _____ years.	5	10
5) Sterilization is intended to be _____.	permanent	temporary

Story: Factors Influencing Reproductive Decisions

A New Chapter for Sarah and Mark

Sarah and Mark had been married for eight years and had a five-year-old daughter named Lily. They loved being parents and often talked about having a second child. But as they sat down to discuss their future, they realized there were many factors to consider.

Sara[illegible]ew that age could affect her pregnancy. Women over 35 have [illegible]her ch[illegible]mplications, like high blood pressure or gestational diabetes, whi[illegible]bot[illegible]nd the baby at risk. Mark, who was 37, also thought about h[illegible] wou[illegible]s older parents, especially when their kids became teenagers.

Finances were another big co[illegible]erat[illegible] had been expensive, and the cost of living in their city had gone up[illegible]knew [illegible]anada, raising a child could cost around $200,000 to $300,000 from birth to [illegible]8. W[illegible]k's job being stable but not highly lucrative, and Sarah working p[illegible]e, th[illegible]d if they could afford another child without compromising their fa[illegible]-being.

Health was on their minds too. Sarah had been healthy, bu[illegible]r d[illegible]r that with each year, the risks increased. They also considered th[illegible]ealth. They had a strong support system, with family nearby to help, but add[illegible]nother child would mean more responsibilities and less time for each other and Lily.

In Canada, they knew they had the right to make their own reproductive decisions. They appreciated that they could consider all the factors—age, finances, health, and support—without pressure. As they looked at each other, they realized that this decision was about more than just numbers or statistics; it was about their family, their future, and the love they had for each other and Lily.

Four Corners Activity: Reproductive Decisions

Objective What are we learning about?

To help students understand the various factors that influence reproductive decisions, including age, health, financial stability, emotional well-being, and support systems.

Materials (What you will need for the activity)

- A list of questions
- Labels for each corner (A, B, C, D)

Instructions How you will implement the activity

1. Prepare the classroom by labelling each corner with A, B, C, and D.
2. Inform students that you will read out scenarios and questions related to factors influencing reproductive decisions. Each question will have options corresponding to different factors or outcomes.
3. When you read a question, students will move to the corner that corresponds to the answer they think is correct. Some of these will be opinion questions. For these questions, have students discuss their opinions in that corner with others who also chose that option. Then discuss as a class.
4. Once all students have chosen their corners, reveal the correct answer and discuss why it is correct.
5. Repeat with different questions to reinforce their understanding of concepts.

Blog Post: Stages of Fetal Development

Stages of Fetal Development

Date: August 23, 2024 Author: Dr. Jake *4-minute read*

Pregnancy is an incredible journey that lasts about 40 weeks, divided into three trimesters. Each trimester is important for the development of the baby, and there are key milestones during each stage.

- First Trimester (Weeks 1-12): During the first trimester, the baby's heart starts beating around week 6. By the end of week 12, all major organs, like the brain, heart, and kidneys, have begun to form. This is a critical period where the baby is most vulnerable to harmful substances.
- Second Trimester (Weeks 13-26): The baby starts to grow rapidly. By week 20, the baby can move around, and you may start to feel kicks! The baby's senses like hearing and touch also start to develop.
- Third Trimester (Weeks 27-40): The baby gains weight quickly and prepares for birth. By week 32, the baby's lungs are almost fully developed, and by week 37, the baby is considered full-term.

Factors like good nutrition are crucial for the baby's growth. However, smoking, alcohol, and drug use can lead to serious issues like low birth weight, developmental delays, and even miscarriage. It's important to take care of the mother's health during this time.

Till next time,
Dr. Jake

Supportive Health Practices During Pregnancy

Local Couple Prepares for Triplets

Publish Date: August 31, 2024

In an exciting turn of events, local couple Sarah and [illegible]mes Bennett are preparing to welcome [illegible] this fall. The Bennetts, who w[illegible] thrilled by the new[illegible] focused [illegible]ng a healthy pregnan[illegible]y as th[illegible] ar[illegible]l of their three babies.

"We were shocked at [illegible] w[illegible] just so excited," said Sara[illegible] "W[illegible] want to do everything right to [illegible]e su[illegible] our babies are born healthy."

Dr. Lisa Thompson, the Bennetts' obstetrician, emphasized the importance of following supportive health practices during this critical time. "With multiple pregnancies, the mother's body works extra hard, so it's essential to follow a healthy routine," she explained.

One of the top recommendations is eating a well-balanced diet. Sarah has been following a nutrition plan rich in folic acid, iron, and calcium. "I'm eating a lot of leafy greens, fortified cereals, and dairy products to help the babies develop strong bones and prevent birth defects," she said. According to Dr. Thompson, proper nutrition is even more crucial with triplets, as the babies compete for the nutrients they need to grow.

Exercise is another important aspect. "I've been doing light exercises like walking and prenatal yoga. It helps me stay strong and keeps my stress levels down," Sarah shared.

The Bennetts also prioritize sleep, aiming [illegible] at least 8 hours a night. "It's not always [illegible]t I know how important rest is for [illegible]e an[illegible]abies," Sarah said.

[illegible]ue da[illegible]ches, the Bennetts ar[illegible]nd[illegible]al visits. "These a[illegible]nts a[illegible]tial for monitoring th[illegible]bies[illegible]d catching any potenti[illegible]," Dr. Thompson noted.

With triplets on the way, the Bennetts are taking every step possible to ensure a safe and healthy pregnancy, supported by their healthcare team and reliable information.

Introduction to Access to Food

Factors Affecting Access to Food

Access to food is an important topic that affects everyone. Several factors can influence whether people can get the food they need. Here are some key factors:

Season

The season affects what types of food are available. For example, in winter, it can be hard to find fresh berries or tomatoes. Seasonal changes can make some foods more expensive or hard to find.

Cost

The cost of food is a major factor. Healthy food like fresh fruits and vegetables can be expensive. Families with a limited budget might have to choose cheaper, less healthy options. Understanding how to budget for food is important for making healthy choices.

Food-Preparation Skills

Knowing how to prepare food can also affect access. People who can cook have more options for what they can eat. They can use fresh ingredients and make healthy meals at home, which is often cheaper than buying pre-made food.

Location

Where a person lives can impact their access to food. People in cities might have many grocery stores nearby, while those in rural areas may have to travel to buy food. Some areas are known as "food deserts" where it's hard to find fresh and nutritious food.

Importance of Understanding These Factors

Understanding these factors helps people make better food choices. Here are some tips for improving food access:

- Plan meals based on what's in season to save money.
- Learn basic cooking skills to make healthy meals at home.
- Budget wisely to buy nutritious food without overspending.
- Know your local resources like nearby grocery stores and farmers' markets.

By being aware of these factors, everyone can work towards better access to healthy and affordable food.

Newspaper Article: Cost of Food and Budgeting

Balancing the Grocery Bill: A Look at Food Costs and Budgeting

Publish Date: July 22, 2024

Grocery prices are soaring, and families are feelin[illegible]och. In downtown Calgary, the Hen[illegible]il has become a prime exa[illegible] grocery budget amidst [illegible]

"The cost of fresh f[illegible]nd v[illegible] risen significantly," said M[illegible]erson. "We used to spend $100 a wee[illegible] groceries, but now it's closer to $150." This increase is felt by many families across Canada, making budgeting more important than ever.

Recent studies show that whole foods like fresh produce, lean meats, and dairy can be up to 60% more expensive than processed foods. Processed foods, which are often high in sugar and unhealthy fats, tend to be cheaper and more accessible, especially for families on a tight budget.

Experts suggest several strategies for families to manage their food budget while maintaining a healthy diet. One tip is to plan meals around sales and seasonal produce. For example, buying berries in summer when they are cheaper and freezing them for later use can save money. Another tip is to buy in bulk, especially for non-perishable items like rice and pasta.

Maria Henderson also recommends cooking at home more often. "We've started making our own bread and snacks [illegible]ead of buying them. It's cheaper and [illegible]

Addi[illegible]y, [illegible]ng community resources [illegible] food [illegible] farmers' markets can h[illegible] access[illegible]dable, nutritious f[illegible]

Local schools are al[illegible] educate students on budge[illegible]and nutrition. "We teach kids how to compare prices and read nutrition labels," said school nutritionist Laura King. "These skills are essential for making informed food choices now and in the future."

Blog Post: Seasonal Availability of Food

Why Seasonal Eating Matters

Date: July 23, 2024 Author: Doc Adams *4-minute read*

Eating food that is in season is important for both your health and the environment. Seasonal availability means certain fruits and vegetables are only available at specific times of the year. For example, strawberries are in season in summer, while apples are in sea the fall.

Eating s ce has many benefits. It is fresher and tastes better. When fruits and ted in their peak season, they are packed with nutrients. For instan mmer have more vitamins C and A compared to winter ones. Seasonal prod ea due to its abundance.

Another benefit i ortin rs. Buying locally grown produce reduces the carbon footprint travel long distances. According to the Leopold Center for Sust ricul in the United States travels an average of 1,500 miles from t al and seasonal foods helps cut this distance, benefiting the planet.

So, next time you're at the grocery sto or farm mark k about what is in season. You'll enjoy tastier and more nutritio s wh the environment.

Till next time,
Doc Adams

Comments:

Jake – July 23, 2024

I love this article, Jane! I always try to eat seasonally. It's true that fruits and vegetables taste better when they're in season. Plus, it's a great way to support local farmers.

Four Corners Activity: Seasonal Availability of Food

Objective What are we learning about?

To help students understand how seasons affect the availability of different types of food and the benefits of eating seasonal produce.

Materials You will need for the activity.

- A list of q
- Labels for each er (A, B, C, D)

Instructions How you will mp

1. Prepare the classroom by labelling eac er wi , B, C, and D.
2. Inform students that you will read out questions to f al decision-making and budgeting. Each question will have four multip .
3. When you read a question, students will move to the corner tha esponds to the answer they think is correct. Some of these will be opinion questions. For these questions, have students discuss their opinions in that corner with others who also chose that option. Then discuss as a class.
4. Once all students have chosen their corners, reveal the correct answer and discuss why it is correct.
5. Repeat with different questions to reinforce their understanding of concepts.

Name: _____ 21

Case Study: Food Deserts in Urban Areas

Liam and the Quest for Fresh Food

Liam lived in a bustling city and loved playing soccer and hanging out with his friends. But his neighbourhood had a big problem: it was a food desert. This meant there were very few places to buy fresh, healthy food nearby. The closest grocery store was over 3 kilometres away.

One evening after school, instead of fast food, Liam's mom said, "We need to find better food options. Much of the food isn't good for us." Liam learned that eating lots of processed food can cause problems like obesity and diabetes. In fact, over 30% of Canadian children are overweight because they can't easily get fresh fruits and vegetables.

Determined to find a solution, Liam's family discovered a community garden. "Wow, we can grow our own vegetables here!" Liam exclaimed. They started planting tomatoes, carrots, and lettuce. The fresh food they grew was not only healthier but also much cheaper than store-bought produce.

Inspired by the success of their garden, Liam's neighbourhood began hosting a farmers' market every Saturday. Local farmers brought fresh fruits and vegetables, making it easier for everyone to buy healthy food close to home.

Liam's favourite part was helping out at the market. He loved seeing his neighbours enjoy the fresh produce. Through these efforts, Liam learned that even in a food desert, there are ways to access nutritious food. Community gardens and farmers' markets can help people eat better and stay healthy. Liam felt proud that his neighbourhood was making a positive change.

Activity: Food Diary

Objective What are we learning about?

Reflect on personal food choices and accessibility by keeping a food diary for a week, recording everything eaten and where it was obtained. This activity aims to help students recognize patterns, challenges, and the influence of food deserts on eating habits.

Mate W will need for the activity.

- Food diary e (one nt)
- Pens or pencil

Instructions How you wil mple

1. Explain the objective of the activity and h fill iary. Students should record every meal and snack they co week, what they ate, the time, and where the food came from (e.g ook t fo grocery store).
2. Distribute the food diary templates and ensure each student s pencil (or digital device).
3. Students will keep their food diaries for one week, starting from a designated day. They should be honest and thorough in their entries.
4. At the end of the week, collect the food diaries and have a class discussion. Students will share their entries and discuss observed patterns and challenges.
5. Facilitate a discussion on how living in a food desert might influence food choices and accessibility.
6. After the discussion, ask students to complete the reflection questions provided.

Activity: Recipe Book Creation

Objective — What are we learning about?

Encourage students to share and learn new healthy recipes by compiling a class recipe book featuring their favourite healthy dishes.

Materials — What you will need for the activity.

- (one per student)
- pencils
- Pantry reference sheet
- Art supplies for decorating the recipe book (optional)

Instructions — How to complete the activity

1. Explain the objective of the activity: to create a class recipe book featuring each student's favourite healthy recipe.
2. Distribute the recipe book templates to each student and provide the pantry reference sheet.
3. Instruct students to select their ingredients from the pantry reference sheet to create their recipes. They should focus on healthy and nutritious options.
4. Have each student write or type their recipe on the template, including ingredients, preparation steps, and any personal tips or variations.
5. Once all recipes are completed, collect them and compile them into a single class recipe book. This can be done by printing and binding the pages or creating a digital book.
6. Allow students to decorate the recipe book with drawings, photos, or other artistic elements to personalize it.
7. After the recipe book is compiled, have a class discussion about the nutritional value of each recipe and why they are healthy choices.
8. Distribute copies of the recipe book to each student to take home and share with their families.

Case Study: Farm-to-Table Movement

What is the Farm-to-Table Movement?

The farm-to-table movement is about getting food directly from local farms to your table. This means the food travels a shorter distance, is fresher, and often tastes better. It promotes the idea of eating locally grown and produced food.

Benefits for Consumers

Consumers, the people who buy the food, get many benefits from the farm-to-table movement:

- Freshness: Food is fresher because it doesn't travel long distances.
- Nutrition: Fresh food often has more nutrients and fewer preservatives.
- Taste: Fresh food usually tastes better.
- Environment: Buying locally has a smaller carbon footprint because it requires less transportation.

Benefits for Local Farmers

Local farmers also gain from the farm-to-table movement:

- Support: Farmers get more support from the community.
- Income: They can earn more money by selling directly to consumers.
- Sustainability: It promotes sustainable farming practices.

A Successful Farm-to-Table Initiative

One successful initiative is the "Green City Market" in Chicago. This project connects local farmers with city residents. It started in 1998 and has grown every year. Today, over 50 farmers sell their produce at this market.

Here are some key impacts of the Green City Market:

- Community Health: Access to fresh food has improved the health of residents.
- Economic Growth: Local farmers have seen their incomes rise.
- Education: The market offers cooking classes and farm tours to educate people about healthy eating and farming.

By supporting farm-to-table initiatives like the Green City Market, communities can enjoy fresher food and help local farmers thrive.

Newspaper Article: Farmers' Markets

Farmers' Market Flourishes, Bringing Fresh Produce to Local Community

Publish Date: July 26, 2024

Yesterday, the annual summer farmers' market opened in downtown Calgary, drawing crowds from all over the city. This popular event features a variety of fresh, local produce and has become a staple for many residents.

Farmers' markets are known for their benefits in providing access to fresh, nutritious foods. Unlike many grocery stores, these markets offer seasonal fruits and vegetables picked at the peak of ripeness. According to the Canadian Farmers' Market Association, shoppers at farmers' markets can find an average of 65 different types of fruits and vegetables throughout the year.

"Farmers' markets are a great way to get fresh, local produce," said Sarah Johnson, a regular market visitor. "The taste and quality are unbeatable, and I love supporting local farmers."

These markets not only benefit consumers but also support local agriculture. By purchasing directly from farmers, consumers help sustain small farms and local economies. The Alberta Agriculture and Forestry department reports that farmers' markets in the province generate over $1 billion in annual sales, significantly impacting local communities.

Calgary's farmers' market is known for its lively atmosphere and the diversity of its vendors. St. Albert's Farmers' Market, on the other hand, is smaller but offers a more intimate shopping experience. Visitors can find homemade baked goods, and artisanal crafts. Both markets have become social hubs where people gather, fostering a sense of community.

John McNeil, a vendor at the Calgary Farmers' Market, emphasized, "It's not just about selling produce. It's about connecting with people and sharing the fruits of our labour."

Story: Restaurants and Nutritional Choices

Ben's Adventure in Healthy Eating

Ben loved going out to eat at restaurants with his family. One Friday evening, they decided to visit a popular restaurant in town. As they sat down, Ben noticed the large portions on the menu. "Wow, everything looks so big!" he said.

His mom [illegible] "That's true, Ben. Restaurants often serve large portions, which can make [illegible] Did you know that the average restaurant meal contains about [illegible] calo[illegible] more than half of what you need in a day!"

Ben said: "That [illegible]ow ca[illegible] sure we eat healthy when we go out?" His dad smiled. "Good qu[illegible]ay is [illegible]re meals. For example, if a dish looks too big, we can split it. Also, [illegible]lo[illegible]ier options on the menu. Many restaurants now have a section with l[illegible]orie[illegible]or dishes that are baked, grilled, or steamed instead of fried."

Ben's older sister, Lily, added, "We can also ask [illegible]au[illegible] and dressings on the side. That way, we can control h[illegible] much we use."

Ben was curious about the nutritional content of the food. "Are there any other tips for eating out?"

"Yes," his mom said. "Drinking water instead of sugary drinks and starting with a salad or vegetable soup can help us make better choices. Restaurants sometimes provide nutritional information, so we can check that too."

Ben was excited to try these tips. When his family ordered their food, they chose to share a large salad and a grilled chicken dish. Ben felt proud of their healthy choices and learned that eating out didn't mean they had to compromise on nutrition.

Activity: Calorie Count Contest

Objective — What are we learning about?

Estimate and compare calorie counts of various restaurant dishes to understand the nutritional content and discuss why some foods have higher or lower calorie content.

Materials — What you will need for the activity.

- [illegible] restaurant dishes
- List of dishes and actual calorie counts (covered)

Instructions — How to complete the activity

1. Distribute individual copies of the [illegible] with pictures to each student.
2. Instruct students to write down their guesses for the calorie count of each food item on their worksheet.
3. After all students have recorded their guesses, reveal the actual calorie counts of each dish.
4. Have students compare their guesses with the actual calorie counts and calculate the difference.
5. Award points to the students who guessed the closest to the actual calorie count for each dish.
6. Discuss as a class why some foods have higher or lower calorie content, considering factors like ingredients, cooking methods, and portion sizes.
7. Record the differences on the whiteboard or large paper and analyze which types of dishes had the most accurate guesses and which had the largest discrepancies.
8. Encourage students to reflect on what they have learned about calorie content and how it influences their food choices.

Blog Post: Whole Foods vs. Processed Foods

Whole Foods vs. Processed Foods: What's the Difference?

Date: July 27, 2024 Author: Nathan Ford *4-minute read*

When it comes to choosing what to eat, understanding the difference between whole foods and processed foods is important. Whole foods, like fruits, vegetables, and whole grains, are minimally processed and retain their natural nutrients. Processed foods, on the other hand, often contain added sugars, fats, and preservatives.

One big factor is cost. Whole foods are usually more expensive than processed foods. A study from the School of Public Health found that eating a healthy diet rich in whole foods costs about $4.50 more per day compared to a diet high in processed foods. This cost difference can impact food choices, especially for families on a tight budget.

Despite the cost, whole foods have more nutritional value. They are rich in vitamins, minerals, and fibre, which are essential for good health. Processed foods often lack these nutrients and can contribute to health problems like obesity and heart disease.

Accessibility is another factor. Whole foods can be harder to find in some areas, particularly in food deserts where grocery stores are scarce. Processed foods, being cheaper and having a longer shelf life, are more readily available.

Till next time,
Nathan Ford

Comments:

Tommy – July 27, 2024

I agree that whole foods are healthier, but the cost can be a major issue. Not everyone can afford to spend extra on groceries, especially with the rising cost of living.

Like Reply 12h ago

Emilia – July 27, 2024

While I understand the cost concern, investing in whole foods can save money in the long run by preventing health issues. The Canadian Medical Association reports that poor diet is a leading cause of chronic diseases, which are expensive to treat.

Activity – Nutritional Choice Roleplay

Objective — What are we learning about?

Understand the impact of limited nutritional food choices on physical and mental health by roleplaying different scenarios. They will learn to identify nutritious foods and reflect on the importance of a balanced diet.

Materials — What you will need for the activity.

- Roleplay scenarios
- Props for food options (fruits, vegetables, food labels, etc.)
- Paper and pencils for reflection questions

Instructions — How to complete the activity

1. Divide the class into small groups.
2. Provide each group with a copy of the "Facts About Nutritional Choices" report.
3. Assign each group a different roleplay scenario related to nutritional choices (e.g., a family facing food insecurity, a child with malnutrition learning about healthy eating).
4. Give the groups time to read the report and discuss their scenario.
5. Each group will create a short skit (3-5 minutes) based on their scenario, highlighting the key points from the report.
6. Groups will present their skits to the class.
7. After all the presentations, discuss the scenarios and key learnings as a class.
8. Hand out the reflection questions for students to complete individually.

Blog Post: Impact of Fast Food on Health

Whole Foods vs. Processed Foods: What's the Difference?

Date: July 30, 2024 Author: Tiana Go *4-minute read*

Hi everyone! Today, let's talk about the impact of fast food on our health. Fast food is popular because it's quick, tasty, and often cheaper than healthy options. But did you know it can have serious effects on our health?

Fast food is usually high in calories, sugar, salt, and unhealthy fats. Eating too much of it can lead to weight gain and obesity. A study by the Centers for Disease Control and Prevention found that more than 40% of American adults eat fast food on any given day. In Canada, about 30% of kids aged 5-17 are overweight or obese.

Fast food also lacks essential nutrients like vitamins and minerals. This can lead to health problems like heart disease, diabetes, and high blood pressure. Researchers from the University of Minnesota found that people who eat fast food more than twice a week have a higher risk of developing type 2 diabetes.

It's important to make healthier choices. Fast food might be more convenient, there are ways to eat better without spending a lot of money. Choosing fruits, vegetables, whole grains, and lean proteins can make a big difference for your health.

Till next time,
Tiana Go

Comments:

Kyle J. – July 27, 2024

I agree, Tiana. Fast food is definitely convenient, but the health risks are too high. I read that a study in the UK showed that children who eat fast food more than three times a week are more likely to have asthma.

Like Reply 9h ago

Lohan90 – July 27, 2024

I see your point, Kyle, but sometimes fast food is the only option for busy families. Plus, not all fast food is bad. Some places offer salads and healthier choices now. I think it's about making better decisions even when we do eat out.

Activity – Healthy Fast Food Alternative

Objective What are we learning about?

To encourage students to think creatively about healthier alternatives to popular fast food items and understand the nutritional benefits of their choices.

Materials What you will need for the activity.

- Drawing paper
- Coloured pencils, markers, crayons

Instructions How you will complete the activity.

1. Arrange the classroom into groups of 3-4 students.
2. Explain to the students that their task is to create a healthier version of a popular fast food item.
3. Each group will brainstorm and research different ingredients that could make the given fast food item healthier.
4. Each group will draw a picture of their healthy fast food alternative on drawing paper, showcasing the final product.
5. Groups will then prepare an explanation of the ingredients in their healthy alternative and why each one was chosen for its nutritional benefits.
6. Each group will present their drawing and explanation to the class, highlighting the health benefits of their alternative compared to the original fast food item.

Newspaper Article: Blue Zones and Longevity

Discovering the Secrets of Blue Zone

Publish Date: August 5, 2024

Maria Ros resident of Sardinia, Italy, celebrate th birthday yesterday, exem ble longevity found e Zon eas, such as Okinawa in Ja a in are known for their hig ber centenarians.

Dr. Emily Carter, a lead researc on t project, explained, "The common threa Blue Zones is their diet and lifestyle. People in these areas eat mostly plant-based foods, such as vegetables, fruits, nuts, and whole grains. They also consume legumes regularly." A traditional diet in Okinawa includes sweet potatoes, tofu, and bitter melon, while Sardinians enjoy whole grain bread, beans, and garden vegetables.

Physical activity is another key factor. Residents of Blue Zones stay active through daily routines like gardening, walking, and doing household chores. Social connections and a strong sense of community also contributes to their well-being. In Ikaria, for instance, people regularly engage in social activities and have a laid-back lifestyle that reduces stress.

Access to nutritious food plays a vital role in these communities. Dr. Carter noted, "In Blue Zones, fresh and healthy foods are readily available and affordable, unlike many urban areas where processed and foods dominate."

aria hared her experience, "We eat wha row gardens and enjoy oget us healthy and happy

Activity: Design a Food Package

Objective — What are we learning about?

To understand the importance of packaging in marketing by designing a food package for a healthy snack that would appeal to their peers.

Materials — What you will need for the activity.

- Sheets of paper or cardstock
- Markers, crayons, or coloured pencils
- Rulers and scissors
- Glue or tape
- Magazines for cutting out images (optional)

Instructions — How you will complete the activity.

1. Begin by selecting a healthy snack that you would like to design a package for. It could be a fruit bar, vegetable chips, yogurt, or any other option.
2. Think about the elements that make a food package appealing. Consider factors such as colors, images, fonts, and any special features like clear windows or resealable packaging.
3. On a blank sheet of paper or cardstock, sketch out your design for the front of the package. Include the name of the product, an appealing image, and important information like health benefits or ingredients.
4. Use markers, crayons, or coloured pencils to add colour and detail to your design. Make sure the design is eye-catching and attractive.
5. Cut out images from magazines or draw additional elements that will make your package stand out. You can glue or tape these onto your design.
6. On a separate sheet, design the back of the package. Include nutritional information, a brief description of the snack, and any other details that would inform and attract consumers.
7. Once you have completed the front and back designs, cut them out and assemble them into a 3D package using glue or tape.
8. Prepare to present your food package to the class. Explain the marketing choices you made, such as the colours, images, and information included, and why you think these elements will appeal to your peers

Food Waste and Its Impact on Access to Food

Understanding Food Waste

Food waste is a significant issue that impacts both food accessibility and the environment. Every year, about one-third of all food produced globally is wasted. This is a major concern because while some people have more food than they need, others do not have enough to eat.

Causes of Food Waste

Food wa[illegible]s for several reasons:

- Ov[illegible]metimes, farmers grow more food than needed.
- [illegible]Waste: [illegible]row away food that is close to its expiration date or not perfect in ap[illegible]
- Household[illegible]s: [illegible]amilie[illegible] buy more food than they can eat, [illegible]g to [illegible] thrown away items.

Consequences of Food

Food waste has several neg[illegible]mp[illegible]

- Hunger: When food is wasted, it [illegible]at t[illegible]less available for people who are in need.
- Environmental Damage: Rotting food in l[illegible]s rel[illegible]thane, a greenhouse gas that contributes to clim[illegible]ang[illegible]
- Resource Wastage: Producing food requires w[illegible], and [illegible]. Wasting food means wasting these resources as well.

Reducing Food Waste

Individuals and communities can take steps to reduce food waste a[illegible]ove food access. Here are some ways:

- Plan Meals: Plan your meals for the week and buy only what you need.
- Store Food Properly: Make sure to store food in the right conditions to keep it fresh longer.
- Donate: If you have excess food, consider donating it to food banks or shelters.
- Compost: Turn food scraps into compost to use as fertilizer instead of throwing them away.

By understanding the causes and consequences of food waste and taking steps to reduce it, we can help ensure that more people have access to the food they need while also protecting our environment.

Newspaper Article: Sustainable Food Practices

Sustainable Food Practices Making a Difference

Publish Date: August 11, 2024

In an impr ive move towards sustainab city of Greenview has implem ractices that could chang way w ut food production an ek, the city council a ed th schools will now sourc r foo from local, organic farms. Th ve aims to provide students with fresh, nutritious meals while supporting sustainable agriculture.

Organic farming is a key component of sustainable food practices. Unlike conventional farming, organic farming avoids synthetic pesticides and fertilizers, which helps protect the environment and keeps soil healthy. Studies show that organic farms use 45% less energy and release 40% fewer carbon emissions compared to conventional farms.

Local sourcing is another important practice. By buying food from nearby farms, communities reduce the need for long-distance transportation, which decreases greenhouse gas emissions. "We are thrilled supply our vegetables to local schools," rmer Jamie Lee. "It's great to see e kid fresh produce while knowing we'r ing vironment."

Re crucial. The average hous throws away about 140 kilog ns o Food waste contribu hange, as decomposing food in la s produces methane, a potent greenhouse gas. Greenview's new composting program aims to tackle this issue by turning food scraps into valuable compost for gardens.

Initiatives like these show how sustainable food practices can benefit both people and the planet.

Introduction to Positive Social Behaviours

What Are Positive Social Behaviours?

Positive social behaviours are actions that show respect, kindness, and honesty towards others. These behaviours help us build and maintain good relationships with our friends, family, and classmates. Here are some important positive social behaviours:

1. **Respecting Others**: This means treating everyone with kindness and [illegible] acting others includes listening when someone is speaking, [illegible] luing their opinions and feelings.
2. **Helping [illegible]**: [illegible] those in need is a great way to show you care. This can be [illegible] as [illegible] lassmate with their homework or offering to carry groceries [illegible]
3. **Being Honest**: Honest[illegible] and being trustworthy. When you are honest, people know [illegible] ich strengthens your relationships.
4. **Acknowledging Diversity**: Diversity means [illegible] appreciating that everyone is different. This includes accep[illegible] ditions, and viewpoints. By acknowledging diversity, we cre[illegible] nd supportive environment for everyone.

Why Are Positive Social Behaviours Important?

Positive social behaviours are essential for developing and maintainin[illegible]lthy relationships. Here are some reasons why these behaviours are important:

- **Builds Trust**: When you are honest and respectful, others trust you more.
- **Promotes Teamwork**: Helping others and respecting different opinions helps us work better together.
- **Enhances Communication**: Listening and valuing others' thoughts improve how we communicate.
- **Creates a Positive Environment**: Acknowledging diversity and showing kindness make our school and community a happier place to be.

Activity: Understanding Respect Role Play

Objective What are we learning about?

Students will understand the importance of showing respect in different situations by role-playing various scenarios. This activity aims to enhance their ability to demonstr respect towards others' opinions, property, rsonal space.

Mate will need for the activity.

- Scenario c diffe ectful situations
- A timer
- Notebook and pen for de

Instructions How you will comp e acti

1. Begin with a brief discussion on what res s important in everyday interactions.
2. Divide the class into pairs.
3. Hand each pair a scenario card with a situation that requi espect. Examples include listening to a friend, returning a borrowed ite d respecting personal space.
4. Give the pairs a few minutes to read and discuss their scenario.
5. Allow each pair to role-play their scenario in front of the class, ensuring everyone has a chance to participate.
6. After each role-play, discuss as a class how respect was shown and what impact it had on the interaction.
7. Encourage students to reflect on how they can apply these respectful behaviours in their own lives.

Newspaper Article: Greta Thunberg's Story

Greta Thunberg and Respect for the Environment

Publish Date: August 1, 2024

Greta Thunberg, the teenage climate activist from Sweden, has sparked a worldwide movement for environmental protection. On August 20, 2018, Greta sat alone outside the Swedish Parliament with a sign that read "School Strike for Climate." This simple protest has since grown into a global phenomenon known as "Fridays for Future," involving millions of students in over 150 countries.

Greta's powerful speeches at international forums have drawn attention to the urgent need for action against climate change. "We are in the beginning of a mass extinction, and all you can talk about is money and fairy tales of eternal economic growth. How dare you!" she exclaimed at the United Nations Climate Action Summit in 2019. Her words resonated with people around the world, emphasizing the critical importance of respecting our planet.

According to the World Meteorological Organization, 2020 was one of the three warmest years on record. The Intergovernmental Panel on Climate Change reports that human activities have caused approximately 1.0°C of global warming above pre-industrial levels. Greta's activism urges everyone to treat the Earth with the same respect as we would each other.

Santos, a 14-year-old from Brazil who joined the Fridays for Future movement, said, "Greta showed me that young people can make a big difference. We need to protect the Earth, because it is our home."

Greta Thunberg's dedication has not only raised awareness but also inspired legislation. Many countries are now considering stricter environmental policies. Her respect for the environment teaches that protecting our planet is a form of respect that benefits everyone.

Four Corners Activity: Respect for the Environment

Objective What are we learning about?

To help students explore and reinforce their understanding of respecting the environment by discussing and evaluating various environmental practices and attitudes.

Materials What you will need for the activity.

- A [illegible] questions related to respecting the environment
- Labels for [illegible] corner of the room (A, B, C, D)

Instructions How to [illegible] activity

1. Prepare the classroom by labelling each corner with letters A, B, C, and D.
2. Inform students that you will read out questions related to respecting the environment. Each question will have four options corresponding to the labelled corners.
3. When you read a question, students will move to the corner that corresponds to the answer they think is correct. Some questions might be opinion-based, where students choose the answer that best represents their views.
4. Once students have moved to their chosen corners, have them discuss their choice with others in the same corner. Then, have one representative from each corner share their group's discussion points with the class.
5. Reveal the correct answer or the most widely accepted environmental practice and discuss why it is considered the best choice.
6. Repeat with different questions to cover a range of topics related to respecting the environment.

Name: _____ 21

Question	A	B	C	D
1) Which is the best way to reduce plastic waste?	Reuse single-use plastics	Recycle all plastic items	Avoid using plastic	Dispose of plastic in trash

Story: The Importance of Helping Others

How Emily Made a Difference

In the lively town of Maplewood, lived a girl named Emily. One sunny Saturday, Emily saw her elderly neighbour, Mrs. Thompson, struggling to carry groceries. Without a second thought, Emily ran over and helped her. Mrs. Thompson smiled and said, "Thank yo[illegible]ily! You've made my day much easier."

Emily felt great. She remembered reading that people who [illegible]elp others often feel happier. According to a Kids Help [illegible]hope report, 70% of students who help others feel better ab[illegible]mselves.

[illegible]decided to do more. She organized a [illegible]ourhe[illegible]oup. Kids from all around Maplewood [illegible] litter from the park and planted flowers. The town's mayor, Mr. [illegible]rter[illegible]rts and thanked them. He shared that clean communities have [illegible]ss poll[illegible]re healthier for everyone.

At home, Emily helped her mom prepare meals [illegible]elter. [illegible]arned that in Canada, 4 million people, including 1.4 million chil[illegible]on [illegible]anks each year. By helping, Emily ensured more families had enough [illegible]eat.

Emily's acts of kindness brought her community closer. Neighbours st[illegible]elping each other more often. Studies show that communities where people h[illegible] each other have lower crime rates and stronger bonds.

Emily's efforts didn't stop there. She started a kindness club at the community center where people of all ages could come together to plan ways to help others. They visited nursing homes, organized coat drives for the winter, and even set up a buddy system to support new students at school. This club became a beacon of hope and showed everyone that even small acts of kindness can have a big impact. Emily realized that helping others wasn't just kind; it made Maplewood a better place. She decided to keep finding new ways to help, knowing every small act of kindness made a big difference.

Blog Post: Clara Barton and the Red Cross

A Legacy of Helping Others

Date: August 2, 2024 Author: Jane Thompson *4-minute read*

Clara Barton, known as the "Angel of the Battlefield," founded the American Red Cross on May 21, 1881. During the Civil War, she bravely brought supplies and medical care to soldiers, showcasing her dedication to helping others.

Clara's vision for the Red Cross was to provide aid during emergencies. Today, the American Red Cross responds to nearly 64,000 disasters each year, including hurricanes, floods, and fires. With over 500,000 volunteers, they provide shelter, food, and emotional support to those in need.

One of the Red Cross's most notable contributions was during the 1906 San Francisco earthquake, where they provided immediate support.

Clara Barton's work highlights the importance of selflessness and community support. Research shows that communities with strong volunteer networks recover faster from disasters.

Clara Barton's legacy shows that one person's dedication can create an organization that supports millions, exemplifying selflessness and community.

Till next time,
Jane Thompson

Comments:

Nadine Tan – August 2, 2024

Clara Barton's work with the Red Cross is inspiring. Her bravery during the Civil War saved many lives.

Like Reply 9h ago

Oliver Woods – August 2, 2024

Clara Barton did great work, but not all Red Cross responses have been perfect. For example, their response to Hurricane Katrina was criticized. However, they continue to improve their disaster response efforts.

Honesty and Trust in Relationships

Honesty is very important in building trust in relationships. When you are honest, people know they can believe what you say. This helps them feel safe and respected. Trust is like a strong bridge that connects people. Without honesty, this bridge can break.

Consequ[illegible]f Dishonesty

Dishone[illegible]relationships a lot. When someone lies, it can make others feel sad[illegible]can be hard to trust someone again after they have lied. Here [illegible]ome [illegible]es of dishonesty:

- People m[illegible]ve [illegible]the future.
- It can cause [illegible]ents [illegible]
- It can hurt people[illegible]
- Trust can be very hard[illegible]d.

Examples of Honesty Strengthening [illegible]

Being honest can make relationships stronger. Here are s[illegible]amples:

- If you break something at home, telling th[illegible]h ri[illegible]a[illegible]s your parents you are responsible.
- When you are honest about your feelings with frien[illegible]ps[illegible]nd[illegible]tand and support you better.
- If you forget to do your homework, telling your teacher the t[illegible]m see you are honest and want to do better next time.

Key Facts and Statistics

According to a study, 85% of people say honesty is very important in friendships.

- Relationships with honesty last longer and are healthier.
- Trust is built over time through many honest actions.
- Even small lies can damage trust and take a long time to fix.

Remember, being honest helps you build strong, healthy relationships that last a long time.

Name: _____ 35

Curriculum Connection
[illegible]

True or False

Is the statement true or false?

1. Honesty builds trust in relationships.	True	False
2. People might not trust you if you lie.	True	False
3. Arguments can result from dishonesty.	True	False
4. Trust is easy to rebuild after lying.	True	False
5. Small li[illegible] can quickly fix trust.	True	False

Questic[illegible]

[illegible]swer the questions below.

1) What [illegible]n dish[illegible]e in [illegible]elationships?

2) How do small lies affect trust?

Feelings Chart

Fill in the chart with feelings caused by a di[illegible].

Situation	Feeling
1) Lying about finishing your homework.	
2) Pretending to be sick to skip school.	
3) Breaking a vase and blaming it on a sibling.	
4) Cheating on a test.	
5) Spreading a false rumour about someone.	
6) Hiding a mistake you made on a group project.	

Name: _____ 36

Activity: Trust Meter

Objective What are we learning about?

To help students understand and evaluate the importance of trust in relationships by receiving feedback from their peers. Students will learn to identify how their actions are perceived by others in terms of building or damaging trust.

Materials What you will need for the activity.

- T[illegible] printed on paper)
- Pe[illegible]r pens
- List of beha[illegible]
- Classmates[illegible] rating

Instructions How to complete the activity

1. Begin by explaining the concept of t[illegible] and why it is important in relationships. Discuss how honesty [illegible]utes to [illegible]st and maintaining healthy relationships, and how dishonesty can damage [illegible].
2. Hand out the Trust Meter templates to each [illegible]. The [illegible]ould have a scale from 1 to 4, with 1 being "Not Trustworthy" and [illegible]." Students will write their names at the top of the template.
3. Explain that each student will pass their Trust Meter tem[illegible] to th[illegible] the right. Each classmate will read through the list of behaviours and [illegible] on the template and rate how trustworthy they believe the student is [illegible]on.
4. Students should complete the Trust Meter for their classmate by mark[illegible]rust rating for each behaviour or scenario.
5. After a set amount of time, students will pass the template to the next classmate until everyone in the class has filled out each other's templates.
6. Once the templates have been returned to their original owners, give students time to review the trust ratings and feedback provided by their peers.
7. Facilitate a discussion where students can share their thoughts on the feedback they received. Encourage students to reflect on any surprises, patterns, or insights they gained about how their actions are perceived by others.
8. Have students complete a written reflection on the activity, focusing on what they learned about trust, how they can improve their trustworthiness, and the importance of trust in relationships.

Name: _____ 37

Curriculum Connection
HHE 1

Instructions	Hand your sheet to your classmate on the right. Each classmate will read the list of behaviours and scenarios below and rate how trustworthy they believe you are for each behaviour.

4- Very Trustworthy	Exhibits high levels of honesty and integrity, fostering strong trust and confidence.
3 – Mostly Trustworthy	Generally honest and reliable, with only minor concerns.
2 – Slight[illegible]stworthy	Demonstrates some honesty, but significant doubts remain.
1 – Not[illegible]	Shows no honesty or integrity, leading to complete lack of trust.

[illegible]ur [illegible]cenario	Trust Rating (1-4)
1) Admitting to [illegible]e	
2) Hiding a mistake	
3) Telling a friend a secret was[illegible]t	
4) Sharing a friend's secret without p[illegible]sion	
5) Returning lost money	
6) Keeping lost money	
7) Apologizing for a wrongdoing	
8) Blaming someone else for your mistake	
9) Helping someone in need	
10) Ignoring someone's request for help	
11) Standing up for someone who is being bullied	
12) Joining in with others to tease someone	
13) Pretending to know something when you don't	
14) Sharing your honest opinion even when it's hard	
15) Telling someone what they want to hear instead

Story: Acknowledging and Celebrating Diversity

Sarah's Cultural Adventure

Sarah, a fifth-grader from Harmony, was chosen to represent her school in an international student exchange program. She was excited but nervous about traveling to Japan, a country she knew little about.

When Sa ed in Tokyo, her host family, the Tanakas, greeted her warmly. The next d chool with her host sister, Yumi. The students and teachers wer to tea anada, and Sarah was excited to share.

ne evening, the school hosted a Diversity bration event. Sarah set up a booth with flags, photos, and snacks like poutine ar ts. Other students showcased their o Brazilian samba dancing to enna g.

Sarah learned that Japan has a rich history a p res dition. She shared with her friends that Canada is one of th in the world, with over 200 languages spoken across the country.

During the event, Sarah met students from many countries. She understanding and appreciating different cultures made people g and friendly. Studies show that diversity fosters creativity because people different ideas and perspectives.

At the end of the event, the principal spoke about the importance of diversity. "Our differences make us unique, and our unity makes us strong," he said. "By celebrating diversity, we build a more inclusive and accepting society."

Sarah felt proud to be part of such an event. She realized that celebrating diversity wasn't just fun; it was important. It helped everyone learn and live together calmly. As she prepared to return to Canada, Sarah decided she would always celebrate the differences that made her community, and the world, unique and special.

Blog Post: Considering Others' Perspectives

How Considering Perspectives Can Improve Relationships

Date: August 4, 2024 Author: Jamie Roberts *4-minute read*

Have you ever had a misunderstanding with a friend? It might be because you didn't fully understand their perspective. Clarifying rather than assuming others' perspectives is crucial in [illegible]onships. When we consider different viewpoints, it leads to better understa[illegible] stronger relationships.

Stud[illegible] conflicts arise from misunderstandings. By asking questions and t[illegible]g, we [illegible]hese conflicts. For example, if your friend seems upset, instead of assu[illegible]ma[illegible] you, ask them what's wrong. They might just be having a bad

In school, you can p[illegible]z[illegible] s' perspectives during group projects. If someone has a differen[illegible] to th[illegible]ning before deciding. This can lead to more creative solutions and [illegible]rk. [illegible]lass discussions, try to see things from your classmates' viewpoi[illegible]this [illegible]t and empathy.

A great way to understand different pe[illegible]ctives i[illegible]ding. Books like "Wonder" by R.J. Palacio show characters with [illegible] view[illegible]This can help you see the world through others' eyes.

Till next time,
Jamie Roberts

Comments:

Alex H. – August 4, 2024

I totally agree, Jamie! When I started asking my friends about their feelings, I noticed we argued less. It's amazing how much you can learn just by listening.

Empathy: Understanding and Sharing Feelings

What is Empathy?

Empathy means understanding and sharing the feelings of another person. It's like putting yourself in someone else's shoes. When you feel empathy, you can understand how someone else is feeling, whether they are happy, sad, scared, or excited. This helps you connect with others in a deeper way.

Why is E mportant?

Empat nt in building healthy relationships. When we understand and shar eone el gs, it helps us to be more caring and kind. Empathy helps reduce conflict e a more likely to be patient and understanding when we know how perso tudies show that people who practice empathy have stronger frie s resolving conflicts.

How Empathy Builds Deep cti

When we try to understand how anot makes them feel valued and understood. This can lead to stronge more m elationships. For example, if a friend is upset because they did ell o showing empathy by listening and offering support can make th l b s that you care about their feelings, which strengthens your friend

Examples of Empathy in Action

Here are some examples of how empathy can improve relations

- **Listening**: Really listening to what someone is saying without inter ting.
- **Asking Questions**: Asking how they feel and what you can do to help.
- **Being Patient**: Understanding that everyone has bad days and being patient with them.
- **Offering Support**: Offering to help or just being there for someone when they need it.

Practising these actions can make a big difference in how we connect with others and build lasting, healthy relationships. Empathy is a powerful tool that helps us understand and support each other better.

Story: Fred Rogers and Empathy

Mister Rogers' Lessons on Empathy

Once upon a time, there was a kind man named Fred Rogers who created a TV show called "Mister Rogers' Neighborhood." Fred was known for his gentle and empathetic approach, helping children understand and share their feelings. His show ran for over 30 years and touched millions of children across North America.

Fred Rogers believed in empathy, the ability to understand and share another person's feelings. He thought it was important. He showed empathy in every episode by talking about happiness, sadness, and anger. He made sure that children knew it was okay to feel all these emotions.

One famous example of empathy was when he introduced Jeff Erlanger, a boy in a wheelchair, on his show. They sang together called "It's You I Like," showing that no matter how different we are, we are all special. This moment taught millions of children about empathy and acceptance.

Fred Rogers also shared facts and statistics about emotions. For instance, he explained that everyone feels angry sometimes and that it is normal. He encouraged children to talk about their feelings with trusted adults. He showed that children who learn to express their emotions are better at managing stress and have healthy relationships.

Fred practised empathy by listening carefully to others and showing kindness. He encouraged children to do the same by suggesting they ask friends how they are feeling and really listen to the answers. By practicing empathy, Fred Rogers helped children navigate complex emotions and build stronger, more understanding relationships.

In "Mister Rogers' Neighbourhood," Fred Rogers modelled empathy every day, showing that understanding and sharing feelings make the world a better place.

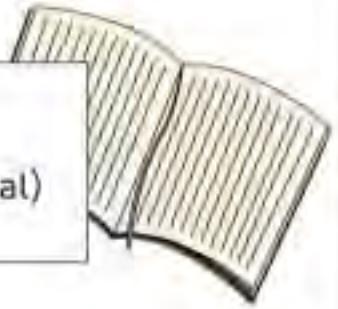
Activity - Empathy Journal

Objective What are we learning about?

To help students develop a deeper understanding of empathy by reflecting on their own experiences and recognizing the importance of empathy in building and maintaining positive relationships.

Material What you will need for the activity.

- Notebooks (one per student)
- Pens or pencils
- Markers or coloured pencils for decorating the journal)
- Empathy Journal (optional)



Instructions How you will complete the activity.

1. Distribute a notebook to each student and explain that it will be their Empathy Journal.
2. Allow students to decorate the covers of their journals with markers or coloured pencils to personalize them.
3. Explain that each week, students will write about a time when they showed empathy for someone or when someone showed empathy towards them.
4. Provide an example of an empathy experience, such as helping a friend who was upset or receiving support from a family member during a difficult time.
5. Designate a specific day of the week for students to write in their journals, ensuring consistency.
6. Encourage students to be honest and detailed in their entries, reflecting on their feelings and the impact of the empathetic action.
7. Once a month, hold a class discussion where students can voluntarily share their journal entries and discuss how these experiences made them feel and how empathy improves relationships.

Name: _____ 63

Curriculum Connection
HR6.2, HR6.4

Prompt Sheet	Use this sheet to guide your journal entries. Reflect on your experiences and be as detailed as possible.

Write about a time when you felt empathy for someone. Describe what happened, how you felt, and what you did to show empathy.

Describe an experience where someone showed empathy towards you. How did their actions make you feel? How did it affect your relationship with that person?

Reflect on a situation where you saw empathy in action, even if you weren't directly involved. How did it impact the people involved?

Think about a time when you realised someone had shown empathy. What was the situation, and how might empathy have changed the outcome?

Write about an experience where showing empathy was difficult for you. What were the challenges, and how did you overcome them?

Describe how practising empathy has made a difference in your relationships. Provide specific examples if possible.

Think about the importance of empathy in your school community. How can practising empathy regularly influence the atmosphere around you?

Reflect on a recent situation where you showed empathy. What did you learn from this experience, and how did it make you feel?

Write about a time when someone's empathy towards you helped you in a significant way. How did it change your perspective or feelings?

Describe a situation where empathy played a crucial role in resolving a conflict. What was the conflict, and how did empathy help to resolve it?

Reflect on how empathy has changed the way you interact with others. How has it influenced your actions and decisions?

Think about your future goals regarding empathy. How do you plan to continue practising empathy in your daily life?

Healthy Relationships and Pro-Social Behaviours

Acts of Kindness Take Centre Stage at Maplewood Elementary

Publish Date: August 8, 2024

Maplewood Elementary School was buzzing with excitement this week as students participated in "Kindness Week." The initiative aimed at promoting kindness and cooperation among students. Throughout the week, students engaged in various activities, including performing spontaneous acts of kindness, generosity and teamwork.

On Monday, Grade 6 students introduced a "Buddy Bench" to encourage classmates to sit and chat with anyone feeling lonely. "I made three new friends just by sitting on the bench," said fifth-grader Jessica Martinez. "It feels great to know someone cares."

Tuesday saw an impromptu playground clean-up led by the Grade 4 class. Students picked up litter, planted flowers, and painted games on the pavement. "We wanted to make our school a nicer place for everyone," explained Grade 4 student Liam Parker.

Experts say these pro-social behaviours—kindness, cooperation, and effective communication—are crucial for building healthy relationships.

The Canadian Psychological Association notes that children who practice these behaviours are 30% more likely to form strong friendships and perform better academically.

Mrs. Nguyen, the school counsellor, highlighted the importance of these activities. "Acts of kindness and cooperation teach valuable life skills," she said. "They help students build strong relationships with family, friends and peers."

The week concluded with a "Thank You" wall and a celebration, fostering a sense of community and demonstrating the power of positive social behaviours. "Seeing everyone come together like this is truly inspiring," said Mr. Williams, a Grade 6 teacher. "It shows that even small acts of kindness can have a big impact."

Story: Anne Frank and Understanding Perspectives

Anne Frank's Diary: A Window into History

In 1942, a young Jewish girl named Anne Frank began writing in her diary while hiding from the Nazis during World War II. Anne and her family hid in a secret annex in Amsterdam for over two years to escape persecution. Her diary, called "The Diary of a Young Girl," provides a detailed account of her life during this time.

Anne's diary gives us a glimpse into her daily fears and hopes of a girl living in hiding. She wrote about her feelings of being cramped, the conditions, and the constant fear of being discovered. For example, she wrote that they had to be completely silent during the day to avoid detection. She also shared her dreams of becoming a writer and her thoughts on human nature.

One striking fact is that Anne wrote her diary between the ages of 13 and 15, yet her reflections are profound and insightful. Her writing helps us understand the emotional and psychological impact of the Holocaust on children. It is estimated that six million Jews were killed during the Holocaust, and Anne's story personalizes this tragic statistic.

Understanding Anne Frank's perspective helps us develop empathy and historical awareness. It reminds us of the importance of tolerance and the dangers of hatred and discrimination. By reading her diary, we learn to appreciate the diverse experiences of people from different backgrounds and times.

Anne's diary remains a powerful tool for teaching about the Holocaust and the importance of understanding different perspectives.

Activity: Empathy Mapping

Objective What are we learning about?

To help students develop a deeper understanding of different perspectives and how this [illegible]tanding can improve relationships.

Mater[illegible] [illegible]will need for the activity.

- Provided empat[illegible]
- Scenario cards

Instructions How you will complete the ac[illegible]

1. Provide each student or group of students with [illegible]thy [illegible]ing template and a set of markers.
2. Have students draw a scenario card from the provided set. The [illegible]o will describe a specific situation for a person.
3. Students will use the template to fill in what the person in the scenario might think, feel, say, and do. Encourage them to be as detailed and specific as possible.
4. Once the empathy maps are complete, gather the students for a class discussion. Ask volunteers to share their maps and explain their reasoning.
5. Discuss how understanding what someone else might think, feel, say, and do can improve relationships and foster empathy.

Name: _____ 78

Blog Post: Empathy and Bullying Prevention

How Considering Perspectives Can Improve Relationships

Date: August 9, 2024 Author: Tina Jones *4-minute read*

Empathy means understanding and sharing others' feelings. Developing empathy can help reduce bullying. When we empathize, we are less likely to hurt others.

Schools with empathy programs see less bullying. According to the National Association of School Psychologists, schools with social-emotional learning (SEL) programs have 20% less bullying. These programs teach students to respect and understand others' feelings.

One way to build empathy is by active listening, which means really paying attention when someone is talking. For example, if a classmate feels left out, listening to them and showing support can help.

Group activities like team projects can promote empathy. Working together helps students understand different perspectives and cooperate better.

Empathy creates a positive school environment. When students feel understood, they respect others more, reducing bullying and promoting kindness.

Till next time,
Tina Jones

Comments:

Rea Francine – August 9, 2024

I agree! Empathy really reduces bullying. A survey by the American Psychological Association found that 70% of teachers saw fewer bullying incidents after empathy lessons.

Like Reply 16h ago

Ridge Francis – August 9, 2024

I think strict anti-bullying policies are also important. Empathy is great, but clear consequences for bullying are needed too. StopBullying.gov says combining both methods works best.

The Role of Empathy in Conflict Resolution

What is Empathy?

Empathy is the ability to understand and share the feelings of another person. It means putting yourself in someone else's shoes to see things from their perspective. Empathy is a powerful tool in resolving conflicts because it helps people understand each other better.

How Emp[illegible]esolves Conflicts

Empath[illegible] conflicts by ensuring everyone feels valued and respected. When peop[illegible]s and viewpoints are acknowledged, they are more willing to co[illegible]te to fi[illegible]on. Some effective empathy strategies in conflicts include:

- Active Lis[illegible]ten ca[illegible] what the other person is saying witho[illegible]err[illegible]
- Show Understandi[illegible]back [illegible]u heard to show you understand t[illegible]pe[illegible]
- Express Empathy: Use phra[illegible]s lik[illegible]u feel that way" to validate their fe[illegible]

Examples of Empathy in Action

1. School Playground Dispute: Two students a[illegible]ar[illegible]round equipment. By listening to each other's feelings [illegible]stan[illegible]eir need to play, they agree to take turns.

2. Group Project Conflict: Group members disagree on how to c[illegible]roject. By discussing each person's ideas and concerns, they find a comp[illegible]se that includes everyone's input.

Key Facts About Empathy

- Empathy can reduce aggression by 50%, according to a study by the University of Sussex.
- Schools with empathy programs see a 20% decrease in bullying incidents.
- Empathy helps build stronger, more supportive communities.

Using empathy to resolve conflicts not only helps solve the immediate issue but also strengthens relationships and promotes a positive environment.

Case Study: The Compassion of Jane Goodall

Jane Goodall's Compassion Leads to Major Conservation Efforts

Publish Date: August 13, 2024

The Jane Goodall Institute celebrated its 45th anni highlighting the remar Jane Goodall, the world owned ist. Jane Goodall's em back dying chimpanzees has tioni conservation efforts glo

In 1960, at the age of 26, Goodal rave to Tanzania and began her groundbre research on chimpanzees in Gombe Stream National Park. Unlike many scientists of her time, Goodall named the chimpanzees she studied instead of numbering them, showing her unique empathy and respect for these animals. This compassionate approach allowed her to observe complex social behaviours, including tool use and emotional bonds within chimpanzee families.

Her findings challenged previous scientific beliefs and highlighted the need for better protection of chimpanzees and their habitats.

According to the World Wildlife Fund, the chimpanzee population has declined by 50% over the past 50 years due to habitat destruction and poaching. Goodall's work has been pivotal in raising awareness and driving efforts to conserve these endangered animals."

e's empathy for animals and the ent is truly inspiring," said Dr. David colleague at the Jane Goo nstit dedication has led to ica initiatives that benefit imp but also local commun ."

Goodall's Roots & Shoots p n, which she launched in 1991, now operates in over 100 countries, empowering young people to take action in their communities for animals, people, and the environment. This program exemplifies how empathy can extend beyond science to humanitarian efforts, fostering a generation of compassionate leaders.

Which is NOT a consequence of [illegible] a) People might not believe you in the futu[illegible] b) It can cause arguments and fights c) It can hurt people's feelings d) Trust can be easily rebuilt	[illegible]ens putting yourself in someone else's a) Re[illegible] b[illegible]athy c) I[illegible] d) Empa[illegible]
7. Which is an example of empathy? a) Listening b) Asking Questions c) Being Patient d) All of the above	8. A common pr[illegible]em b[illegible]n different cultures. a) Sharing traditions b) Stereotyping c) Having to learn from each other d) Celebrating diversity
9. Which is NOT a strategy for effective communication? a) Active listening b) Asking questions c) Using 'I' statements d) Using 'you' statements	10. Which is NOT an example of honesty? a) Admitting you made a mistake b) Returning lost money that you found c) Taking credit for someone else's work d) Telling the truth, even when it's difficult

Name: _____ 117

Define | Differentiate the three levels of honesty.

Truthfulness	
Integrity	
Transparency	

Identify | Identify whether the following scenarios show empathy or not.

1) You help a friend with their math homework instead of doing your own.	YES	NO
2) You compliment a friend on their new haircut.	YES	NO
3) You walk past a classmate who looks upset but assume they must be fine on their own.	YES	NO
4) You help a friend with their science project even though you don't enjoy it.	YES	NO
5) You congratulate your teammate on scoring the winning goal in a soccer game.	YES	NO
6) You notice your classmate struggling with a math problem, but wait for the teacher.	YES	NO
7) You share your snack with a friend who forgot their lunch at home.	YES	NO
8) You listen attentively as a classmate shares a personal problem.	YES	NO
9) You notice a classmate is sitting alone at lunch but decide to stay with your group.	YES	NO
10) You offer to play a game with a new student even though you aren't interested in it.	YES	NO

Name: _____ 118

Long Answer Answer the questions below – Each question is worth 5 marks.

1) Describe a time when you had a different perspective than someone else and what you did about it. Share both perspectives and how it was resolved.

2) What is empathy? When have you fel[illegible]pathy t[illegible]s s[illegible]ne else? When has someone been empathetic with you?

Grade 6 – Health Unit

Safety

Organizing Idea	A lifetime of optimal well-being is supported by prioritizing health and safety.
Guiding Question	In what ways might risk influence the outcome of an action?
Learning Outcome	Students examine risk and identify the factors that influence action.

	Skill and Procedures	Pages
	media use. Explain how to deal with unwanted attention, communication, or images.	
S6.2	Describe consequences that may result from risk taking in various contexts.	34-44, 54-71, 116-123
S6.3	Recognize the risks associated with substance use. Identify positive choices and actions that can reduce risks associated with substance use.	72-86

Introduction to Risk Assessment

What is Risk?

Risk is the chance of something happening that could cause harm or loss. It is important to understand risk because it helps us make safe choices in our everyday lives. Risk involves looking at possible dangers and deciding how to avoid them. For example, when you ride a bike, wearing a helmet reduces the risk of head injury.

Why As

Ass risk he ng about what could go wrong and how to prevent it. This is important b s l us safe. By understanding risks, we can make better decision re so s why assessing risk is important:

- Personal Safety: p s fferent situations.
- Planning: Helps us pr pote lems.
- Confidence: Helps us feel e co isions.

Feelings Associated with Risk

When we think about risk, we may have differ eling e me common feelings related to taking risks:

- Independence: Taking risks can make us feel more i den
- Fulfillment: Successfully managing risks can lead to a sense
- Uncertainty: Risks can make us feel unsure about what will happe
- Vulnerability: Sometimes, risks make us feel exposed or at risk of ha m.

Key Facts About Risk

- Mitigation: This means taking steps to reduce the severity of risks.
- Hazard: A potential source of harm.
- Safety Measures: Actions we take to protect ourselves from risks, like wearing a seatbelt in a car.
- Decision Making: The process of making choices, especially when it involves weighing risks and benefits.

Name: _____ 7

Story: Digital Privacy and Safety

Lily Discovers Digital Safety

Lily was excited to use her new tablet. She loved playing games and chatting with friends. One sunny afternoon, she sat on her bed, exploring her favourite websites. As she played a game, a message popped up asking for her name and address. She hesitated, remembering a conversation she had with her older brother, Alex, about being careful on

"Hey, Al ut, "Can you come here for a minute?
"Ale to her. "What's up, Lily?"
"This ga is ask ame and address. Should I give it to them?" she as
"No way," Alex Never sonal information online. It could lead to pri tru ow that 60% of kids your age have their social me s set ? It's not safe.

"Lily nodded, feeling grateful x's ed the game and decided to check her social media settings. She w to r profile was public. She quickly changed it to private, feeling a of reli

A few days later, Lily was chatting with her frie ine w ticed some mean comments about a classmate. Determined to ma liffe a supportive comment and reported the mean ones.

One weekend, Lily was doing research for a school project. ou some surprising facts and eagerly shared it with her mom. "Look w

Her mom smiled but asked, "Did you check if this information is from a r source? Not everything online is true."

Lily paused and double-checked the article. She discovered it wasn't from a trustworthy site. Feeling proud, she decided to find better sources for her project.

Later that evening, Lily sat with her parents to talk about online safety. They discussed using strong passwords, keeping personal information private, and always being respectful and kind online. Together, they updated her tablet's security settings.

As Lily got ready for bed, she felt a sense of pride. She knew she was now a digital safety expert, thanks to the lessons she learned from her family and her own experiences. With a smile, she promised herself to always be careful and make the internet a safer place for everyone.

Drawing Contest – Digital Privacy

Objective What are we learning about?

Students will understand the importance of digital privacy and reinforce key points on how to protect personal information online.

Materials What you will need for the activity.

- Drawing paper (one per student)
- Crayons, markers, or coloured pencils
- Reference materials on digital privacy (optional)

Instructions How you will complete the activity

1. Discuss the key points about digital privacy and why it is important.
2. Provide each student with a sheet of drawing paper and access to drawing materials.
3. Think about the key messages you want to include in your poster. Make a rough sketch of your poster on a separate sheet of paper.
4. Use the drawing materials to create a colourful and informative poster illustrating the importance of digital privacy.
5. The posters will be displayed around the classroom or school to reinforce the importance of protecting personal information online.

Case Study: Cambridge Analytica Scandal

A Lesson in Digital Privacy

Publish Date: July 14, 2024

In 2018, a major scandal revealed that Cambridge Analytica, a data analytics firm, misused personal data from millions of Facebook users without their consent. This information was collected through a quiz app that only a few thousand users downloaded, but also accessed the data of their friends, affecting over 87 million people. The data was used to create targeted political ads to influence the 2016 U.S. presidential election and other political campaigns.

Dr. Emily Johnson, an expert in digital security, explained, "The users were not aware that their data was being harvested and used in this manner. It highlighted significant flaws in how personal information is protected online."

The scandal had severe consequences. Facebook was fined $5 billion by the Federal Trade Commission for failing to protect user data. Many users lost trust in the platform, leading to changes in privacy settings and a push for better data protection. A survey showed that 64% of internet users adjusted their privacy settings after the scandal.

The Cambridge Analytica case also led to the creation of stricter data protection laws worldwide. The European Union introduced the General Data Protection Regulation (GDPR) in 2018, which gives individuals more control over their personal data. This scandal has taught many about the importance of digital privacy and the need to be cautious about sharing personal information online.

Jason Miller, a high school student, shared his thoughts. "It made me realize how my data could be used without my knowledge. It made me more careful about what I share online." The Cambridge Analytica scandal serves as a crucial reminder of the importance of protecting our personal data in the digital age.

Identifying Online Safety Risks

Types of Online Safety Risks

Using digital technology and social media can be fun, but it's important to be aware of the safety risks. Some common risks include:

- Cyberbullying: This is when someone uses the internet to bully others. About 20% of students experience cyberbullying.
- Privacy Intrusion: Sharing too much information can lead to privacy issues. Over 60% of teenagers with social media profiles have them set to public, which means anyone can see their posts.
- Unwanted Communication: Receiving unwanted messages or images can be upsetting. This can include mean comments, inappropriate messages, or requests from strangers.

Impact on Well-being

Unwanted communication or images can impact an individual's well-being. Cyberbullying can cause stress, anxiety, and even depression. Privacy intrusion can make someone feel unsafe or exposed. It's important to understand these risks and know how to handle them.

Seeking Assistance

If you ever face these situations, there are ways to get help. Here are some steps you can take:

1. Tell a Trusted Adult: Speak to a parent, teacher, or school counselor.
2. Report the Issue: Most social media platforms have options to report bullying or inappropriate content.
3. Block the Person: If someone is bothering you, block them so they can't contact you anymore.
4. Keep Evidence: Save messages or screenshots as evidence if needed.

By knowing these risks and how to respond, you can help protect yourself and others online. Remember, it's always okay to ask for help if you're uncomfortable or unsure about something you encounter online.

Story: Consequences of Sharing Explicit Images

Think Before You Share

Liam was excited to get his first smartphone. He loved taking pictures and sharing them with his friends. One evening, during a chat with his friend Zoe, she asked him to send a fun but slightly embarrassing photo. Without thinking much, Liam shared it.

A few da iam noticed that the photo had spread around the school. His class and pointing at him. Feeling embarrassed and upset, he talked s olde mma, about what had happened.

ma li d then explained, "Liam, sharing explicit or aph ave serious consequences. According to al Co ada, sharing such images of anyone unde ille the distribution of child pornography an le evere legal trouble."

Liam was shocked. He o ide that serious. Emma continued, "Even if y und these kinds of images can still hurt your reputation and mental he an im online, it's nearly impossible to remove. It can lead to bullying, sti ev ."

Liam felt terrible. He hadn't thought about the long-term effects ed, "Why don't you talk to Zoe and ask her to delete the image? Also, cons elling Mom and Dad so they can help you."

Liam followed his sister's advice. He talked to Zoe, and they both agreed to delete the photo and be more careful in the future. Liam then told his parents, who were proud of him for taking responsibility.

From that day on, Liam made a promise to himself. He would think carefully before sharing anything online, protecting his privacy and reputation. He realized that a moment of thoughtlessness could lead to serious consequences, and he wanted to make smarter choices with his phone.

Activity: Think Before You Share Role Play

Objective What are we learning about?

Understanding the significant consequences of sharing explicit messages, including legal implications, personal reputation, and mental health.

Materials You will need for the activity.

- Paper (for scripts)
- Small objects (for representing devices or messages)
- Notebooks or books (for story scenarios)
- Markers and tape (for creating signs)
- Any other relevant items based on the scenario

Instructions How you will complete the activity

1. Divide the students into small groups and assign each group a scenario.
2. Give each group time to discuss their scenario and plan their role-play.
3. They should consider the immediate and long-term consequences of sharing explicit messages in their scenario.
4. Allow time for each group to rehearse their role-play.
5. Each group performs their role-play in front of the class.
6. After each role-play, facilitate a class discussion on the scenario.
7. Have each group reflect on their role-play experience.

Case Study: The Consequences of Sexting

The Story of Amanda Todd

Publish Date: July 16, 2024

In October 2012, the story of a Canadian teenager named Amanda Todd became a heartbreaking example of the dangers of sharing [illegible] online. At just 15 years [illegible] Amanda [illegible] were bullying and harassme[illegible] it p[illegible] she sent were shared [illegible] the [illegible]e.

Amanda's case began whe[illegible] in seventh grade, and she received compliments online from an individual who later blackmailed her. He threatened to distribute her images unless she gave him more photos. Despite Amanda's efforts to start fresh at new schools, the images followed her, leading to increased bullying and isolation.

The emotional impact on Amanda was devastating. She struggled with anxiety and depression, and tragically, her story ended in her taking her own life. Her video on YouTube, explaining her story, was viewed by millions, sparking a global conversation on cyberbullying and online safety.

Legally, the consequences for the person who harassed Amanda was serious. In 2017, a Dutch man named Aydin Coban was convicted for his role in cyberbullying Amanda and other children. He was sentenced to 11 years in prison, showing that the law can reach those who harm others online.

Amanda's story highlights the importance of understanding the risks of sharing [illegible]al content. It shows the need for [illegible]trong[illegible] settings on social media and the i[illegible]tan[illegible]inking twice before s[illegible] per[illegible]ion or images. Remem[illegible] [illegible]some[illegible] shared online, it ca[illegible]ncu[illegible]here it goes or who sees it.

This case serves as a crucial lesson for all, emphasizing that while the internet can be a place for connection and learning, it also requires caution and respect for privacy.

Four Corners Activity: Online Safety

Objective What are we learning about?

To help students understand the consequences of sharing private pictures or information online, why it is important to protect personal information, and how to stay safe online.

Materials You will need for the activity.

- A list of questions
- Labels for each corner (A, B, C, D)

Instructions How you will complete the activity

1. Prepare the classroom by labelling each corner with A, B, C, and D.
2. Inform students that you will read out questions for them to answer safely. Each question will have four multiple-choice options.
3. When you read a question, students will move to the corner that corresponds to the answer they think is correct. Some of these will be opinion questions. For these questions, have students discuss their opinions in that corner with others who also chose that option. Then discuss as a class.
4. Once all students have chosen their corners, reveal the correct answer and discuss why it is correct.
5. Repeat with different questions to reinforce their understanding of concepts.

Name: _____ 43

5&3

Safe Online Practices

Using Strong Passwords

One important way to stay safe online is to use strong passwords. A strong password has at least 8 characters and includes a mix of letters, numbers, and symbols. For example, "A1b2C3d4!" is stronger than "password123".

Here are some tips for creating strong passwords:

- Use a mix of uppercase and lowercase letters.
- Include numbers and special characters.
- Avoid using easy-to-guess words like your name or "12345".

Avoiding Sharing Personal Information

Sharing personal information can be risky. Personal information includes your full name, address, phone number, and school name. Strangers can misuse this information. Remember to keep it private.

- Never share your passwords with anyone.
- Avoid posting your location or personal details on social media.
- Be careful about sharing photos that reveal personal information.

Being Cautious About Online Interactions

It's important to be cautious when interacting with people online. Not everyone online is who they say they are. To stay safe:

- Only chat with people you know in real life.
- Do not accept friend requests from strangers.
- If someone makes you feel uncomfortable, tell a trusted adult.

Importance of Safe Practices

Practicing safe online habits helps protect your personal information and keeps you safe from cyber threats. Here are some facts to remember:

- Over 60% of internet users have experienced cyber threats.
- Strong passwords reduce the risk of being hacked by 80%.
- Avoiding sharing personal information can prevent identity theft.

Name: _____ 51

Curriculum Connection

True or False

Is the statement true or false?

1) Strong passwords must have at least 10 characters.	True	False
2) Only uppercase letters are needed for strong passwords.	True	False
3) Posting your daily plans on social media is safe.	True	False
4) Cyber threats affect more than half of internet users.	True	False
5) Friend requests from unknown people should be accepted.	True	False

Case Study: The Legal Consequences of Cyberbullying

The Story of Rehtaeh Parsons

Publish Date: July 18, 2024

In 2013, a young girl from Nova Scotia named Rehtaeh Parsons became known worldwide [illegible] of a tragic story. Rehtaeh [illegible] cyberbullying, which [illegible] through the internet and s[illegible] shows how serious the [illegible] cyberbullying can be.

Rehtaeh faced constant harassment on [illegible] after a photo of her was shared without her permission. This photo led to relentless bullying by her peers. The cyberbullying had a huge impact on her life. She felt isolated, sad, and hopeless. Unfortunately, the bullying did not stop, and it became too much for Rehtaeh to handle. She sadly took her own life in April 2013.

The legal consequences of this case were significant. The police initially did not charge anyone for sharing the photo or the bullying. However, after Rehtaeh's death, there was a public outcry. This led to changes in the law. In Nova Scotia, the Cyber-safety Act was passed in 2013, making it illegal to share intimate images without consent and to harass others online.

Rehtaeh's story highlights the importance of understanding that online behavior has real-life consequences. Cyberbullying can lead to severe emotional distress and even legal action. It is crucial for students to be aware of the impact their online actions have on others and to use the internet [illegible]

On [illegible] Rehtaeh's case also [illegible] conversations about mental [illegible] the [illegible] systems in place for young people. [illegible] communities have [illegible] to educate students about the dangers of cyberbullying and to provide resources for those affected by it. This case shows the need for everyone to be kind and supportive both online and offline.

Case Study: Tyler Clementi and Online Harassment

The Story of Tyler Clementi

Publish Date: July 20, 2024

Tyler Clementi was a college student in the United Sta[illegible] who became known for a tragic rea[illegible]010, Tyler faced severe onlin[illegible]vasion of privacy. His ro[illegible]ate sec[illegible]ded a private moment of Ty[illegible]d it[illegible] This invasion of privacy[illegible] wid[illegible]a bullying and harassmen[illegible]

The impact of this online harass[illegible]nt w[illegible] devastating for Tyler. Feeling humiliate[illegible] and isolated, he took his own life just a few days after the video was shared. Tyler's story shocked many people and brought attention to the serious issue of cyberbullying.

Following Tyler's death, there was a significant increase in awareness about online harassment. People began to understand how harmful and dangerous cyberbullying can be. In response, many states in the U.S. started to strengthen their laws against cyberbullying. New Jersey, where Tyler went to school, passed stricter anti-bullying laws known as the "Anti-Bullying Bill of Rights."

Tyler's case teaches us important lessons about resilience and the need for support when dealing with online harassment. It's crucial for anyone facing cyberbullying to seek [illegible]rom friends, family, or teachers. [illegible]t the problem can make a big differ[illegible]ls and communities have [illegible]ore resources to help [illegible]bullied online.

Another impor[illegible]t ou[illegible]se was the creation of t[illegible]nti Foundation. This organizat[illegible]orks to end online and offline bullying in schools, workplaces, and faith communities. The foundation promotes kindness, respect, and the importance of standing up against bullying. Tyler's legacy lives on through the efforts of this foundation, making a positive impact on many lives.

5&3

Substance Use Risk

What is Substance Use?

Substance use means using drugs, alcohol, or other substances that can change how your brain and body work. Some substances are legal, like alcohol and prescription medications, while others are illegal.

Short-Te cts of Substance Use

Using su can cause problems right away. Here are some short-term effects:

- decision-making
- Tr with n and movement
- Risk of ac nju
- Feeling sick, usea es

Long-Term Effects of Sub e

Using substances over a long t ca problems. Here are some long-term effects:

- Addiction: You might need more of the subst to fe ame effects.
- Impaired brain development: This is espe sky eople. Your brain is still growing, and substances can slow down s.
- Decreased mental health: Using substances can ma el x s or depressed.
- Damage to organs: Long-term use can harm your liver, hear gans.

Making Positive Choices

It's important to make choices that keep you healthy and safe. Here are some ways to reduce the risks of substance use:

- Say no: It's okay to refuse substances. Your health is more important.
- Talk to someone If you feel pressured, talk to a trusted adult like a parent or teacher.
- Stay informed: Learn about the risks so you can make smart decisions.
- Find healthy activities: Join clubs, play sports, or spend time with friends who make positive choices.

Questions

Answer the questions below.

1) What should you do if you feel pressured to use substances?

2) How can long-term substance use affect your brain development?

True or False

Is th… t true or false?

1) Substances can change … bra…	True	False
2) All substances used are illega…	True	False
3) Addiction is a short-term effect.	True	False
4) It's important to say no to substances.	True	False
5) Healthy activities can reduce substance use risks.	…rue	False

Draw

Design a simple sign that illustrates the short-ter… an… …ts of substance use.

Short-term	Long-term

Case Study: The Impact of Substance Use on Athletes

The Michael Phelps Story

Michael Phelps is one of the greatest swimmers in history, winning 23 gold medals in the Olympics. But in 2009, he faced public scrutiny when a photo of him using a substance appeared in the media. This incident showed how even top athletes can make mi[illegible]h substance use and face serious consequences.

After [illegible]hoto c[illegible]ichael Phelps was suspended from swimming for three months. He a[illegible]jor [illegible]rship deal with Kellogg's, which cost him a lot of money. This situat[illegible]ught [illegible] others important lessons about the risks of substance use.

Substance use can impair an athlete's [illegible]nanc[illegible]cts their coordination, thinking, and overall health. For example, alcoh[illegible] slo[illegible]ion times and reduce physical endurance. Drugs can have even mo[illegible]mful [illegible]g to addiction and long-term health issues. Studies show that athl[illegible]se s[illegible]ces are more likely to suffer injuries and have shorter careers.

Michael Phelps decided to turn his life around after this incident. He sought help and focused on his health and training. By making positive choices, he was able to return to swimming and continued to win more medals in 2012 and 2016 Olympics.

Michael Phelps' story highlights the importance of avoiding substance use. It shows that even when mistakes are made, it's possible to overcome challenges with the right support and determination. Athletes and students alike can learn from his experience and understand that making healthy choices is key to success.

Memory Game: Risk Scenarios and Mental Health

Objective What are we learning about?

To help students identify and understand various risk scenarios and their potential rewards or consequences, and how they impact mental health through a fun and engaging memory game.

Material What you will need for the activity.

- Me y gam rovided) with the risk scenarios nd potential rewards or conseq anot
- A flat surface like a he fl y out the cards

Instructions How you will compl he acti

1. Divide the class into groups of 3 or 4. Give h mory Game cards (provided).
2. Have each group lay all the cards face down in a gr a
3. The students take turns flipping over two cards at a time, g matching risk scenario and its potential reward or consequenc
4. If a student finds a match, they remove those cards from the grid and keep them.
5. If the cards do not match, they are turned back over, and the next student takes a turn.
6. The game continues until all the cards have been matched.
7. After the game, review the terms and definitions with the class.
8. Discuss how these scenarios and outcomes can impact mental health, both positively and negatively.

Case Study: Simone Biles and Mental Health

The Story of Simone Biles

Publish Date: July 22, 2024

During the 2020 Tokyo Olympics, gymnast Simone Bi[illegible] made headlines for an unexpect[illegible]. Instead of competing in all[illegible]h[illegible]e to prioritize her me[illegible] health[illegible]on was a calculated ris[illegible]ng in[illegible]n her well-being and ca[illegible]

Simone Biles is known as o[illegible] greatest gymnasts of all time, wi[illegible] 32 Olympic and World Championship med[illegible] However, during the Tokyo Olympics, she experienced a condition called "the twisties," which makes gymnasts lose control while in the air. This can be very dangerous. Simone realized that competing under these conditions could lead to serious injury, so she decided to step back from some events to focus on her mental health.

Her decision was praised by many. It showed the world that even top athletes need to take care of their mental health. Simone's choice sparked important conversations about mental health awareness, especially in high-pressure environments like the Olympics.

Studies show that 1 in 5 Canadians experience mental health issues each year. Athletes are no exception. By speaking out, Simone helped reduce the stigma around mental health.

Simone Biles later returned to compete in [illegible]alance beam event, where she won a [illegible]dal. Her story highlights the impo[illegible]ntal health and reminds [illegible]'s ok[illegible] a step back when nee[illegible]

Simone's act[illegible]ave[illegible]ther athletes to speak op[illegible] mental health struggles. F[illegible]ng her example, sports organizations are now placing a greater emphasis on providing mental health resources for athletes. This shift ensures that the well-being of athletes is prioritized, leading to healthier and more sustainable careers.

Activity: Risk Assessment and Safety Precautions

Objective What are we learning about?

To help students understand how to identify risks and take appropriate safety precautions in various physical activities.

Materials What you will need for the activity.

- A set of pictures showing different physical activities
- Worksheets for students to write down identified risks and safety precautions

Instructions How you will complete the activity

1. Hand out the worksheet that includes pictures of various physical activities to each student.
2. For each picture, they will identify the potential risks associated with the activity and write down the safety precautions that should be taken to minimize those risks.
3. Instruct them to write down the identified risks and corresponding safety precautions next to each picture on the worksheet.
4. Once students have completed their worksheets, bring the class together for a discussion.
5. Ask volunteers to share the risks and precautions they identified for each activity.
6. Facilitate a class discussion on why these precautions are important and how they can help prevent injuries..
